### How do I determine my monthly premium?

- Select a medical plan
- Determine who you are covering: yourself, your spouse/same-sex domestic partner and/or your eligible dependent child(ren)
- Monthly premiums are based on your age and your spouse's age (if covered)
- Add the monthly premiums for you, your spouse/partner and child(ren)

## Example

You are age 66 and retired. Your spouse is age 66 and you have no eligible dependent children.

If you elect the Indemnity plan, your monthly premium is calculated as follows:

	Example	Your Selection
Columbia University Retiree	\$377	
Covered Spouse/Same-Sex Domestic Partner/ Medicare Eligible Child(ren), if applicable	\$449	
Dependent Child(ren), if applicable	\$0	
<b>Total Monthly Premium</b>	<b>\$826</b>
