- **EmblemHealth Preferred Network Dental Plan:** This dental plan gives you quality coverage with access to over 12,700 dentists and specialists in New York and New Jersey area. You have the freedom to choose the preferred network dentist or specialist you use for services covered under your plan. You don’t have to pick a specific primary care dentist and no referrals are required!

- **Dependent Coverage:** With this dental plan, you can cover your children to age 19 till the end of the calendar year.

- **Predetermination of Benefits:** EmblemHealth can let you know what dental services and materials will be paid for before you start treatment. You may ask your dentist to send a Treatment Plan to EmblemHealth before you get oral surgery, prosthetics, or appliances. EmblemHealth will review the Treatment Plan and tell you and your dentist what is covered. Predetermination of Benefits is not required, but it is strongly suggested.

- **Out-Of-Network Coverage:** You’ll even receive payments for covered services performed by out-of-network dentists. If you choose to receive care from out-of-network dentists, just send the claim to us. We’ll send you a check for the amount we cover. Note: Since we don’t have a payment contract with out-of-network dentists, the amount we pay you may not be the full amount the dentist charged. We pay 100% of the Spectrum fee schedule. You will be responsible for the difference between what we pay and what the dentist charges.

- **Dental Services Not Covered:** Cosmetic surgery and treatment unless it is reconstructive surgery caused by trauma, infection, or disease of the involved part. Prescription drugs and medicines.
