

# Received a Surprise Medical Bill? We'll negotiate a discount.

It can be overwhelming to receive a large bill for medical or dental care. As part of your service, you have access to the free Medical Bill Saver service. Our skilled negotiators can help lower your out-of-pocket costs on medical bills that are not covered by insurance. You could save hundreds—even thousands—of dollars. Just send us your bill.

## What it does

It happens. Even with the best of intentions, you could incur a medical bill simply because you visited an out-of-network provider or received care not covered by your insurance plan.

By enlisting the help of the Medical Bill Saver service, you can not only achieve significant savings and lower your out-of-pocket costs, but you'll have the peace of mind knowing that you have an expert negotiator in your corner.

## How it works

- You give us your non-covered medical and dental bills of \$400 or more
- We contact the provider on your behalf to negotiate a discount
- Negotiations can lead to a reduction in your out-of-pocket costs
- Once an agreement is made, the provider signs off on payment terms and conditions
- You get an easy-to-read, personal Savings Result Statement, summarizing the outcome and payment terms

**Remember...** Our skilled negotiators will attempt to negotiate discounts on your behalf, no matter your benefit status. You also have access to a Licensed Professional Counselor for confidential help with personal, family and work issues and resource help with childcare and other concerns. Eligible employees, their spouses, dependent children, parents and parents-in-law can all use the benefit.
