Medical Coverage

OVERVIEW OF MEDICAL COVERAGE

The Choice Plus 80 and Choice In-Network medical plans both cover the same comprehensive set of medically necessary services and supplies, including in-network preventive care—such as annual physicals, immunizations and well-baby visits—at 100% with no deductible.

Both plans give you access to the same network of providers and facilities. Basic vision and prescription drug coverage are provided automatically when you enroll in either plan for medical coverage. The plans differ in how you pay for services throughout the year—copays, deductibles, coinsurance and your out-of-pocket maximum. When making your choice, also consider that the Choice In-Network plan does not cover out-of-network services, whereas the Choice Plus 80 plan does allow for out-of-network services (see Summary Plan Description for details).

CHOICE PLUS 80 PLAN

Preventive care is covered at 100%. Other than preventive care and copays, for most in-network medical services you must meet the annual deductible of \$400 per member before the Choice Plus 80 plan pays the coinsurance of 80% of the negotiated fee; you are responsible for the remaining 20% of the coinsurance. After you reach the in-network out-of-pocket maximum of \$3,000 for an individual and \$6,000 for a family, the Choice Plus 80 plan pays 100% of covered in-network medical charges and prescription drug copays for the remainder of the calendar year.

CHOICE IN-NETWORK PLAN

Preventive care is covered at 100%. The Plan has no deductible for all in-network services. Copays apply for certain services and in some cases are dependent on where the service is received. For example, inpatient hospital services require a \$500 per admission copay; outpatient hospital services, including lab and radiology, require a \$150 copay. In addition, after you reach the in-network out-of-pocket maximum of \$3,500 for an individual and \$7,000 for a family, the Choice In-Network plan pays 100% of covered medical charges for the remainder of the calendar year. Out-of-network services are not covered.

The \$150 outpatient hospital copay does not apply if you obtain your lab and/or radiology at certain New York Presbyterian (NYP) locations.

- + For a list of NYP participating locations, go to humanresources.columbia.edu and click the “Forms & Documents” icon; search “New York-Presbyterian (NYP) Outpatient Laboratory Locations.”

Whenever you are having diagnostic or preventive tests, ask your physician if they are referring you to a provider who is in-network.

Dental Coverage

EMBLEMHEALTH PREFERRED DENTAL BENEFITS PLAN B

EmblemHealth Preferred Dental Benefits Plan B covers preventive, basic and major services. You may choose to use a participating EmblemHealth Preferred Program dentist or go to a nonparticipating dentist. When you receive care from a nonparticipating dentist, you pay the provider up front, and then file a claim for reimbursement. You’ll be reimbursed up to the allowance on the EmblemHealth Dental fee schedule for covered services, which is available from EmblemHealth. If you use a participating dentist, no forms are required.

- + For EmblemHealth dentists, go to emblemhealth.com/find-a-doctor/directory and select “Dental Preferred” from the menu. For more information, call EmblemHealth: 212-501-4443.

AETNA DENTAL PLANS

The University offers two comprehensive dental plans through Aetna.

Columbia Dental Plan:

Under the Aetna Columbia Dental Plan you can go to a broad range of dentists including the national Aetna PPO network and the Columbia Preferred Dental Network. The Columbia Preferred Network gives you access to ColumbiaDoctors Dentistry—some of the country’s leaders in oral health care—and provides comprehensive care across all specialties. This plan network was uniquely designed to support a broad range of dental needs of Columbia University faculty and staff and has added benefits, such as higher annual maximum care allotments when receiving services with in-network providers. Under this plan you may also see an out-of-network dentist, although your cost may be significantly higher.

Dental Maintenance Organization (DMO):

Under the Aetna Dental Maintenance Organization (DMO), you choose one primary care dentist in advance from a select group of Aetna in-network providers able to offer lower rates. Please confirm your current dentist is in the DMO network prior to enrolling. Columbia Dentistry does not participate in the DMO network, nor is the DMO available outside the U.S. and in some states.

- + For a list of participating dentists, go to humanresources.columbia.edu/directory. For more information, go to humanresources.columbia.edu/twu-dental.

Vision Coverage

All TWU members and their covered dependents enrolled in any of the University's medical plans are covered by a basic vision benefit through UnitedHealthcare (UHC). This embedded plan provides coverage for eye exams, corrective lenses, frames and contact lenses.

If you use an out-of-network service, you will be required to pay in full at the time of service, then submit a claim for reimbursement to UHC.

OPTIONAL VISION PLAN

For enhanced vision benefits, TWU members can elect to purchase optional UHC vision coverage in place of the basic vision coverage for themselves and their covered dependents. You do not have to be enrolled in a medical plan to purchase this coverage. See contributions insert for monthly rates.

KNOW YOUR OPTIONS

Evaluate the medical plan options available to you and your family. Think about your total costs—what you pay at the time you use healthcare (e.g., your deductible, coinsurance or copay) plus your payroll contributions (part-time employees only). Decide if it is more cost-effective to cover your family under your Columbia plan or your spouse's plan.
