AGREEMENT, made and entered into as of the 1st day of April, 2022 by and between COLUMBIA UNIVERSITY IN THE CITY OF NEW YORK (hereinafter called the "University") and TRANSPORT WORKERS UNION OF AMERICA, AFL-CIO, and its LOCAL UNION NO. 241, (hereinafter called the "Union"):

ARTICLE 1 - RECOGNITION

Section 1. During the term of this agreement the Union is recognized as the exclusive bargaining agent with regard to wages, hours and working conditions for all Security Officers and excluding Physical Plant and Residence Halls Maintenance Employees of the University at Morningside Heights (which includes Prentis on West 125th Street), at the Columbia Business School, at the RCN Building, at The Lefest and Forum Buildings, at Studebaker, at the Central Energy Plant, at the Jerome L. Greene Science Center, at the College of Physicians and Surgeons, but does not represent kitchen and dining hall employees, supervisors, office and clerical employees, telephone operators, temporary employees, and student employees. The wages, hours and working conditions for employees shown in the preceding sentence are excluded from the bargaining unit.

Section 2. (a) A temporary employee is one who has been in the employ of the University for less than four (4) months.

(b) The termination of the specific period or the completion of the specific job for which a person has been employed by the University for a period of not more than four (4) months shall be deemed to constitute a justifiable release for all purposes under this agreement of a person employed for such a period or for such a job.

(c) A temporary employee may replace a full-time employee past the four (4) month period for up to six (6) months in the case of family leave, disability or compensation, or while a grievance is pending. The temporary employee will be permitted to work past the six (6) month limitation when the Union is first notified and it is mutually agreeable. The temporary employee will have the first opportunity to fill that permanent position if the permanent employee does not return.

(d) The University agrees to notify the Union of temporary employees who have been on the payroll for more than sixty (60) days. The notification will include name, department, date of hire, the person to whom they are reporting and the purpose of the hire.

(e) If a temporary employee is selected to fill a permanent position, his/her University seniority shall be retroactive to the last date of hire. In such cases, the immediate previous period of temporary employment shall be credited toward benefits under this Agreement; it being understood, however, that such period shall not result in any retroactive coverage or retroactive contributions to any benefit plan. If a temporary employee worked three or more months, two months will be counted toward the probationary period.

Section 3. New employees will be on probation for the first six (6) months of
employment, and may be discharged within that period without the right to bring a grievance. The University may extend the probationary period for an additional three (3) months provided it notifies the Union in advance in writing, stating the reasons for such extension. The Union will not unreasonably withhold consent to extension. It is understood that all contractual benefits/entitlements which are tied to the completion of a four month probationary period will not be affected (four months still applies). In the event that a reference requested within the first four (4) months of employment is received thereafter and is unsatisfactory, such employee may be discharged upon the receipt of such unsatisfactory reference without the right to bring a grievance. Such an employee or employees may be represented by the Union in all matters except discharge for failure to qualify for the assigned job.

Section 3(a). During onboarding, an appropriate Officer or Steward shall be allowed thirty (30) minutes to discuss union matters with new hires represented by TWU.

Section 4. The term "employee" as used hereafter in this agreement refers to a person included in the above defined bargaining unit.

Section 5. Union Shop Stewards shall be released for a maximum of two (2) hours off with pay, each month, to attend Union meetings. There shall be a maximum of two (2) such meetings per month. The Union will supply the University with a list of such Shop Stewards and shall give a twenty-four (24) hour notice of such meetings. The unused time shall not accrue month to month. See Exhibit B.

Section 6. Union officials and Shop Stewards shall have reasonable access to the appropriate University departments for the purpose of conferring with employees covered by this Agreement. Where the Union official or Shop Steward finds it necessary to enter a department or work unit for this purpose, he/she shall first advise the supervisor or the head of the department or his/her designee in person. A Shop Steward or Union official intending to go to the department or a work unit other than his/her own or the one he/she represents shall first seek authorization from his/her supervisor to leave the work area and shall then follow the above procedure. Such visits shall not interfere with the operation of the University's department or work unit.

Section 7. Locked Union Bulletin Boards shall be provided in central areas of each department.

ARTICLE 2 - UNION SECURITY

Section 1. (a) All employees, who on the date of the signing of this agreement are members of the Union in good standing, shall, during the term of this agreement, so maintain such membership as a condition of employment.

(b) All present employees shall apply for and become members of the Union no later than the thirtieth (30th) day after the signing of this agreement and shall maintain such membership as a condition of employment. All persons who become employees hereafter shall apply for membership in the Union no later than the thirtieth (30th) day upon
which they become employees and shall maintain such membership as a condition of employment.

(c) Upon employment, the employee shall be informed by the University of the existence of Local 241 and shall be provided with a copy of the current collective bargaining agreement.

Section 2. If the Union advises the University and an employee in writing that such employee is no longer a member of the Union in good standing, the employment of such employee by the University shall terminate at the expiration of ten (10) days after such notice, unless the said employee elects to have the Union's action in that connection reviewed and determined, as hereinafter provided, in which event such employment shall terminate for such cause only upon the final determination that the Union's action was proper. Such election may be made by said employee at any time within said ten (10) day period by notifying the head of the department in which said employee works, and one of the officers of the Local Union of the employee's objection to such action. The propriety of such action shall then be reviewed and determined as a grievance under the procedures and provisions of Article 15, beginning with "Step 2" thereof.

Section 3.  
(a) Upon receipt of signed authorizations from the employees in the bargaining unit which comply with the requirements of the National Labor Relations Act, the University, for each employee who is a member of the Union, shall deduct from the first pay of each month otherwise payable to such employee, the Union dues for the preceding month or any initiation fee, all as hereinafter provided, and shall promptly remit the aggregate of such dues and initiation fees to the President and Treasurer of Local Union No. 241 in the form of a check payable to their joint order.

(b) The monthly dues and the initiation fee for employees, who shall have become members of the Union during the preceding month, to be deducted as aforesaid shall be determined by the Union at its national convention and notice of such dues shall be provided to the University by the Secretary or Treasurer of Local 241. No monthly dues shall be deducted from the pay of any member of the Union in the same month in which an initiation fee is so deducted from his/her pay.

(c) On or before the last day of each month, the President or Treasurer of Local Union No. 241 shall furnish the University with a list showing the name and address of any employee who shall have become a member in good standing in the Union and of any employee who shall have ceased to be such a member since the last previous list so furnished to the University. Any such list, including the names of employees who have become such members shall be accompanied by cards executed by such new members authorizing the University to make the deductions provided for in this Article 2.

(d) The University shall provide a list of newly hired and/or terminated employees stipulating Name, Department and Job Title to the Union at periodic intervals.

(e) The parties recognize that the University has plans to expand its campus.
The University agrees to discuss with TWU Local 241 issues of concern regarding the role of Local 241 in the expanded campus and what role TWU Local 241 may have in a particular property or properties.

ARTICLE 3 - MANAGEMENT RIGHTS

Nothing in this agreement shall be construed to impair the University's exclusive right to manage its affairs and direct the work of its employees except as otherwise herein expressly provided.

ARTICLE 4 - NON DISCRIMINATION

Neither the University nor the Union shall discriminate against or in favor of any employee on account of race, color, creed, national origin, citizenship status, political belief, sex, marital status, sexual orientation, affectional preference, age or physical and/or mental disabilities except where, even with reasonable accommodation, the disability prevents the performance of the essential functions of the job. Sexual Harassment shall be considered discrimination under this Article.

ARTICLE 5 - SEXUAL HARASSMENT

The Union and the University recognize the problem of sexual harassment in the workplace and are committed to ending it. The University will strictly enforce its policy regarding sexual harassment and will comply with city, state and federal laws against sexual harassment. On sexual harassment complaints, the grievance procedure may be preceded by notifying the University’s Office of Equal Opportunity and Affirmative Action.

ARTICLE 6 - WAGES AND SCHEDULING

Section I. (a) This agreement is effective from April 1, 2022 through March 31, 2025. Exhibit "A", hereto annexed, is made a part hereof, and incorporated herein as if fully recited herein. The rates of pay set forth in Exhibit "A" shall become effective on the dates typed at the top of each column for that particular column.

Effective dates and salary increases are as follows:

Effective: Ratification: Three percent (3%) wage rate increase effective the first Monday following ratification.

3/27/23: Three percent (3%) wage rate increase.

4/1/24: Three percent (3%) wage rate increase.
Essential Worker Bonus: Upon successful ratification of this Agreement, each full-time employee on payroll will receive a $500 lump sum payment.

(b) (1) Employees hired after April 1, 2005, will be subject to a new hire progression as follows:

- 1st year of employment: 80% of job rate
- 2nd year of employment: 85% of job rate
- 3rd year of employment: 90% of job rate
- 4th year of employment: 95% of job rate
- After 4 years of employment: 100% of job rate

Employees who are promoted during their first four years of employment will continue to be subject to the new hire progression and will be credited with prior bargaining unit service in determining the appropriate rate of pay in the new position. After five years of bargaining unit service, employees who are promoted will not be subject to a new wage progression.

(c) LONGEVITY:

Employees will receive a longevity increment added to their base hourly rate of pay as follows:

<table>
<thead>
<tr>
<th>Completed years of Bargaining Unit service</th>
<th>Cents per hour</th>
</tr>
</thead>
<tbody>
<tr>
<td>5-9 years:</td>
<td>25 cents</td>
</tr>
<tr>
<td>10-14 years:</td>
<td>30 cents</td>
</tr>
<tr>
<td>15-19 years:</td>
<td>35 cents</td>
</tr>
<tr>
<td>20-24 years:</td>
<td>40 cents</td>
</tr>
<tr>
<td>25 or more years:</td>
<td>45 cents</td>
</tr>
</tbody>
</table>

Employees who thereafter become eligible for a new longevity increment will have their rate of pay adjusted on the subsequent December 1.

Section 2. Wages shall be paid weekly, not later than Friday, for the pay period terminated the preceding Sunday. Employees shall receive their pay checks in individual envelopes.
Employees will have the ability to review differential pay in their pay advice.

Section 3. (a) The University shall pay overtime at the rate of time and one-half for all authorized hours worked by all employees beyond their regularly scheduled work day and/or week and for all hours worked in excess of eight hours a day and/or forty hours per week. The work week shall be defined as that period of time from 12:01 a.m. Monday to 12 midnight the following Sunday.

(b) Employees whose regularly scheduled work week is in excess of thirty-six hours shall be assigned two regular days off during each work week. Should such regular days off not be consecutive, then the first of such days off shall be deemed to be the sixth day of the work week and the second of such days off shall be deemed to be the seventh day of the work week. Such employees shall be paid: (1) time and one-half for all hours worked on the sixth day of the work week if the other five regularly scheduled work days of the work week are either regularly worked or a holiday occurs on any of such other days and the other days of such work week are regularly worked; (2) double time for all hours worked on the seventh day of the work week if the other six days of the work week are either worked or a holiday occurs on any of such other days and the other days of such work week are regularly worked.

(c) Employees whose regularly scheduled work week is not in excess of thirty-six hours shall be assigned not less than one regular day off during each work week. Such employees shall be paid double time for all hours worked on the seventh day of the work week, if the other six days of the work week are either regularly worked or a holiday occurs on any of such other days.

(d) The regularly scheduled work week (including the regularly scheduled day off or days off) for all employees shall not be changed except upon seven days' notice.

(e) When an employee in a job classification requiring 24-hour coverage is changed from his/her regular shift to another shift without seven days' notice, he/she shall receive time and one-half for the first eight hours on the new shift.

(f) When an employee is called in to work at a time other than his/her regular work hours, he/she shall receive overtime pay at the rate of time and one-half (1-1/2) his regular rate of base pay for a minimum of four hours. Where an employee is pre-scheduled to report earlier than his/her previously scheduled time, he/she shall receive overtime pay at the rate of time and one-half (1-1/2) his/her regular rate of base pay for a minimum of two (2) hours.

(g) Overtime payment shall be made on either daily or weekly overtime hours worked, but an employee shall not be paid both daily and weekly overtime for the same overtime hours worked. Instead of overtime payment, employees may be compensated for
overtime worked by receiving compensatory time off provided that such time off occurs during the same pay period in which it was accrued and further provided that Management approves the scheduling and taking of the time off. If compensatory time off is not taken as specified herein, the employee will receive pay according to the overtime provisions of this agreement.

(h)1. All overtime assignments will be distributed as equally as possible by job classification and seniority on a rotating list, and appropriately recorded. Lists will be posted in an area accessible to employees. Each appropriate group will decide on the proper administration of such lists.

(h)2. (i) The Department will notify a Security Officer and the shop steward or designee that the Security Officer may be required to work overtime, as soon as possible but within one (1) hour of being notified that another Security Officer or student aide will be absent for the following shift. If (a) the Department fails to provide such notice within one (1) hour, except where operational conditions make it impractical (too difficult) to give such notice, and (b) the union representative or designee does not obtain a volunteer to work the assignment, then the Security Officer who is required to work will receive an additional meal allowance.

The Department will first contact the Security Officer who works the post where the absence will occur, and that person will be required to work. If there is no person working the post where the absence will occur, the junior qualified Security Officer on duty when such notification is made on each respective campus will be required to work.

In the event that a Security Officer is forced to work mandatory overtime and that overtime is due to management scheduling mistakes resulting in an incomplete roll call, double time will be paid for the mandatory overtime hours actually worked if the officer does not receive one (1) hour prior notice.

(ii) For all cases other than sick leave, late relief and other absences which are covered under (i), the employee will receive double time for working mandatory overtime if the employee receives less than one (1) hour advance notice, except in case of an emergency.

(iii) It is agreed that this procedure only applies to non-emergency overtime. The Department will continue to assign overtime as needed in a declared emergency.

During the term of this agreement, the University and the Union may mutually agree to make adjustments in this procedure.

(i) Employment in any one day shall be continuous except for rest and meal periods and except that hours not worked between the termination of any employee's
regularly scheduled work day and hours worked on special jobs shall not be paid for. Special jobs are those which are not a continuance of the regular work of the employee and which are accepted by the employee on a voluntary basis. Such special jobs shall be paid for at the rate of time and one-half (1-1/2) the rate of the job being performed.

(j) A thirty (30) minute lunch relief shall begin at the actual time the relief arrives on post for coverage for Security Officers.

(k) No employee will have his/her work week reduced without prior notice to the Union, and the work week for any job classification will not be reduced without the consent of the Union. Employees working on the day shift will be entitled to one-half (1/2) hour for lunch.

(l) Notwithstanding any of the foregoing provisions to the contrary, schedules of special work weeks may be arranged, with the prior mutual consent thereto of both the Union and the University for certain employees who desire more consecutive days off in alternate weeks than may be practicable under this Article 6. Whenever possible, every employee shall be entitled to two (2) consecutive days off in each work week. Insofar as possible these days shall be Saturday and Sunday, Sunday and Monday, or Friday and Saturday. Within classification and shift, employees may bid in order of seniority to fill vacancies which include a Saturday and/or Sunday as a day off. When a position including Saturday and Sunday, Sunday - Monday or Friday and Saturday is to be filled, the selection will be made from employees bidding on the opening based upon seniority.

(m) Security Officers who are delayed because of a late relief or who have to travel to or from a post at a time after their scheduled time shall be paid for actual time consumed at time and one-half (1-1/2) their applicable hourly rate.

(n) A daily schedule of known post assignments shall be posted in the Security Operations Office at Morningside Campus and at the Health Sciences Campus prior to the end of the shift on the day prior to the day to which the schedule applies. Normally, this will be at least sixteen (16) hours prior to the start of the shift. The schedule shall be subject to change in case of emergencies, last minute requests from departments or schools, absences which arise after the posting time, to accommodate post changes associated with double shifts, and to accommodate mutual agreements for post changes between officers and with supervisor approval.

(o) Posts will be rotated on a daily basis where practical. It is understood that there will be days when posts cannot be rotated. When practical in the opinion of management, Security Officers assigned to College Walk will be rotated with another post during the course of their shift.

(p) Security Officers working fifteen (15) continuous hours will receive supper money as follows:
$18.00 effective 4/1/22.

Meal allowances will be included in employee pay checks as a non-taxable item. Normally, meal allowances will be paid in the same pay check with the overtime pay for the day worked.

(q) There shall only be rotation between Morningside and Health Sciences for trained junior officers except in emergency.

(r) (i) Mutuals shall be allowed only after supervisory approval and providing there is no cost to the University.

(ii) Employees will be allowed up to six (6) mutuals per calendar year on other than regular days off (RDO). Supervisors can grant additional mutuals in exceptional circumstances. Mutuals must be scheduled in the same work week. Employees who do a double shift as a result will receive straight time for both shifts and will not receive supper money. Shift differential will be paid to the person who works the applicable shift. Mutuals on a non-RDO must be scheduled at least five (5) days in advance. No more than two (2) mutuals on a non-RDO will be permitted on any day.

(s) The number of Special Patrolmen shall be at least three (3) and no more than 5 (five).

(t) When responding to alarms at least two security officers will be dispatched whenever possible.

Fire alarms will not be reset by Security Officers (TWU, Local 241).

(u) Preference in approving a “personal” (10-62x) will be given to a Security Officer who requests permission to leave post to go to the bathroom only. The employee will be relieved within 15 minutes, when possible.

Section 4. Deductions from the pay of an employee for lateness will be based on actual length of lateness.

Section 5. An employee temporarily performing the work of another employee in a job classification to which a higher rate of pay is attached shall receive such higher rate for the time during which he/she performs the work of the employee in the higher classification.

Section 6. Officers who are required to operate the ambulance shall be properly trained and shall be compensated at the Security Officer-Motorized rate for the time they are assigned to drive that vehicle.

Section 7. (a) Each employee working a night shift (when his/her regular starting time is 3:00 p.m. or later) shall receive a night shift premium in addition to the base rate of pay set forth in Exhibit A. Effective May 2, 2022, this night shift premium shall be increased to two dollars and fifteen cents ($2.15) per hour in addition to the base rate of pay set forth in Exhibit A.
(b) Payment of such shift premium shall be calculated only for hours actually worked on that shift and for holidays.

Section 8. Classification and duties of employee positions shall be prepared and maintained.

Section 9. No Security Officer shall fill in as an acting supervisor except in an emergency.

Section 10. Security Officers assigned to work a plain-clothes detail shall receive additional pay of seventy-five (75) cents per hour. Where practical, management will make plain-clothes assignments from among qualified employees who have indicated a willingness to perform such work.

Section 11. The University will pay for drivers licenses each time they are renewed for those Security Officers who are permanently classified as "Motorized". Such Security Officers may be assigned to operate any departmental vehicle for which they are licensed. Public Safety Officers who drive department vehicles will notify their supervisors if they have a suspended, restricted or revoked driver’s license.

Section 12. Motorized Security Officers with proper license assigned to operate the Health Sciences bus shall receive fifty cents (.50) per hour above their regular hourly rate of pay.

Section 13: Assignments as motorized officers will be rotated by departmental seniority among those officers who are being paid at the full wage rate.

Section 14: Security officers who possess the FDNY Fire Guard license and are assigned to fire watch duty will receive a $3.00 per hour differential for hours actually spent on fire watch duty.

Section 15: All shifts will be 8 hours and 30 minutes inclusive of a half-hour unpaid lunch. The shifts will be as follows

- 7:45 a.m. – 4:15 p.m.
- 3:45 p.m.-12:15 a.m.
- 11:45 p.m.-8:15 a.m.

Section 16: The University will reimburse renewal fees for security guard licenses provided they are renewed prior to the expiration of the previous license.
ARTICLE 7 - SENIORITY

Section 1. University seniority shall be computed on the basis of the latest date of appointment with the University. Departmental seniority shall be computed on the latest date of appointment to the job classification within a department except as otherwise provided herein. Classification seniority shall be defined as that period of time during which an employee is continuously employed within a particular job title.

Section 2. (a) In the event of layoffs, employees with the least departmental seniority shall be laid off first and any employee laid off in any job may exercise his/her departmental seniority to bump an employee with less departmental seniority in a lower job classification in the same department. When an employee thus is bumped out of a department, he/she may exercise his/her University seniority to bump into any other department in which he/she is qualified to perform the work in a position with the least departmental seniority in that department and displacing any employee with less University seniority. Any employee entitled to and wishing to bump another employee must do so within five (5) days of receipt of notice of layoff. The University shall give notice of layoff on Friday of any work week and the employee laid off must exercise his or her right to bump by 5:00 p.m. of the following Wednesday. The University agrees to give the employee to be laid off a minimum of three (3) weeks notice of a layoff or pay in lieu thereof.

(b) When, after layoffs, additional employees are required, those laid off shall be rehired in the inverse order in which they were laid off before any new employees are hired.

Section 3. (a) Departmental seniority shall govern promotions unless ability to perform the job and the employment records are not significantly equal. Employees who qualify shall be eligible for promotions to fill vacancies in the bargaining unit.

(b) Posting of job vacancies within the bargaining unit including a description of the work to be performed and the requirements for the position will be posted in appropriate areas for a period of five (5) days excluding Saturdays, Sundays and holidays. Consideration shall be given to members of the bargaining unit who apply for such open position as set forth in Section 3(a) above before any outside person is hired to fill the position. When a job opening is to be filled by hiring from outside the department, current employees of the department will be entitled to bid on the shift and days off of the opening. Selection will be based upon seniority of those bidding.

Section 4. Employees covered by the agreement, in response to a posted notice of opening(s) for a Security Officer position, may indicate their interest in such opening(s) by submitting an appropriate application or bid and shall receive consideration as set forth in Section 3 (a) above before an applicant from outside the bargaining unit is hired for such position.

Section 5. The University will first discuss with the President of the Local, or his/her designee, and the Shop Steward in the Department the provisions of newly designed and/or
changed tests to be given to employees for promotional opportunities. Such tests shall be uniform for those applying from both within and outside of the bargaining unit. Employees shall be informed of the results of such tests that they have taken.

Section 6. The University and the Union shall work together to establish proper apprenticeship training programs and other educational training programs, to improve the skills of employees, so they can qualify for promotional opportunities.

Section 7. The University and the Union shall work jointly to obtain Government grants for establishing training programs that will provide for advancement and skills maintenance training for Columbia employees. A joint committee to pursue the above will be established within ninety (90) days of the Memorandum of Agreement.

Section 8. The University will pay for employees to attend accredited schools or training program where it is necessary for such employees to meet new or changing job requirements of their current position.

Section 9. The University will provide CPR training to up to a maximum of 20 employees in the bargaining unit. Such training will be voluntary and on the employees' time.

Section 10. When a vacancy arises for a managerial position, employees who are members of Local 241 shall have the same opportunity as other employees to apply for such promotions. Employees upgraded to other classifications including those upgraded to Supervisor, may, during the term of their probationary period, return to their former job classifications in the bargaining unit without loss of seniority.

Section 11. Except in the case of military leave, as hereinafter provided in Article 14, seniority shall not accumulate during any leave of absence from employment except that seniority will accrue during leaves of absence of up to one (1) year for reasons of illness, injury and maternity.

The one-year period prescribed above shall, in the case of occupational illness or injury, be tolled by the length of any delay only in the following cases:

a. The employee’s physician requests permission to perform a procedure, and
b. The University’s physician disputes the need for the procedure, and
c. The employee files a timely appeal to the New York State Workers Compensation Board, and
d. The Board upholds the employee’s position and authorizes the procedure, and
e. The procedure is performed within a reasonable time from the date of the Board’s decision.

The tolling period shall be measured from the date the employee’s physician requests permission to perform the procedure until the date the procedure is performed.
Section 12. All seniority shall cease upon: (1) justifiable discharge; (2) voluntary quitting; (3) failing to advise the University in writing by registered mail within six months after being laid off and within each six months thereafter that the employee desires to be rehired; and (4) failing to respond within three (3) days, exclusive of Sundays and holidays, to an offer of work sent by registered mail.

Section 13. Employees who are laid off because of lack of work may request termination pay at any time within six (6) months after the layoff date. This termination pay will amount to one week's salary for each full year of continuous employment at the University. The employee requesting termination pay will sign a statement indicating that by accepting such pay, he/she is forfeiting his/her seniority right, and that if he/she returns to work for the University, it will be as a new employee.

ARTICLE 8 - HOLIDAYS

Section 1. (a) During each year of this agreement, employees shall be entitled to the following holidays with pay:

- New Year's Day
- Dr. Martin Luther King's Birthday*
- Memorial Day
- Independence Day
- Labor Day
- Election Day
- Thanksgiving Day
- Thanksgiving Friday
- December 24
- December 31
- Employee's Birthday
- Two (2) Floating Holidays

* Observed on the day designated as the National Holiday.

(b) Employees will be entitled to the two (2) floating holidays on an individual basis at a mutually agreeable time. Where possible and contingent upon a favorable work load and schedule, such holidays shall be allowed on a "first-come, first-served" basis three (3) days after a written request is placed with the Supervisor. The two (2) floating holidays may not be taken until the employee completes his/her probationary period.

Section 2. (a) On said holidays, employees who do not work shall receive a normal day’s pay for the holiday. Employees who do work will also receive, in addition thereto, time and one-half (1-1/2) pay for the hours on a holiday actually worked. If two (2) employees mutually swap shifts pursuant to Article 6(3)(r), only the employee who actually works on the holiday shall receive the holiday rate of pay (time and one-half). If an employee’s day off and a holiday coincide, such employee shall receive a normal day’s pay for the holiday, and additionally, double time (2x) for the hours on such a day actually worked. (c)(ii) Employees eligible for retiree health benefits who qualify under (i) may elect to participate in an HMO or maintain indemnity coverage or any other plan available for active employees, in which case the University will (1) contribute the monthly cost of retiree major medical coverage toward the HMO premium or cost of another plan, and the retiree will pay the balance of the premium, if any OR (2) provide major medical coverage, and the retiree will pay the premium cost of the basic medical plan. Retirees must maintain continuous coverage beginning at the time of retirement, and may not resume coverage once they cease maintaining coverage.

**Section 3.** An employee is eligible for a deferred pension if five (5) years of continuous eligible service have been completed prior to age sixty-five (65), except for those employees with twenty (20) years or more of eligible service who will not have their pensions reduced at age sixty-two (62) effective 10/1/89.

**Section 4.** Effective July 1, 2008,
- 2.0% for the first 10 years of service,
- 2.2% for the next 20 years (11-30) of service
- 2.3% for years of service in excess of 30

Increased pension benefit rates apply to all years of service for all active employees.

**Section 5.** (a) A participant whose right to retirement benefits is vested is entitled to receive retirement benefits as a result of any disability which causes the termination of his/her status as an employee of the University prior to his/her retirement date. Certification by the University Medical Officer, as to the total and permanent disability of the employee, will be necessary. Pension payments will be based on eligible service credit accumulated to the date of the onset of disability.

(b) The University will establish a Disability Retirement Fund to help offset COBRA costs for employees that have applied for disability retirement; which will be funded as follows:

- Effective April 1, 2022 – $5,000
- Effective April 1, 2023 – $5,000
- Effective April 1, 2024 – $5,000

**Section 6.** An employee who has vested in the plan and has attained fifty-five (55) years of age, while still employed by the University, will become eligible for the "Surviving Spouse Coverage" for his/her spouse only if married for at least twelve (12)
months. The primary pension benefit will not be reduced to pay for this coverage and the University will cover the entire cost. However, anyone electing the surviving spouse option will receive an actuarial adjustment as specified in the Pension Plan Document.

Section 7. A complete description of the details of the retirement plan will be made available to employees at the Personnel Office upon request. An outline of the pension plan has been provided to each employee in the form of a Plan Summary Document. The Plan outlined in this Article 13 is in conformance with the requirement of the Employee Retirement Income Security Act of 1974 (as amended).

Section 8. The pension plan will be amended to provide:

The 50% survivor benefit of an employee who (i) dies while still in an active status and (ii) when vested under the plan, may be paid to a designated beneficiary on an actuarially adjusted basis. It is understood that Federal law requires that the spouse of an employee must waive his/her right to a joint and survivor annuity in order for anyone other than a spouse to be the designated beneficiary, and that the right to designate a non-spouse beneficiary shall at all times be subject to applicable law, including tax laws. It is further understood that the employee’s pension during his/her lifetime is reduced on an actuarial basis whenever any person is designated as a beneficiary.

ARTICLE 13 - TUITION EXEMPTION PLAN

Section 1. The University shall provide tuition exemption as follows after a two-semester waiting period (administered as 7-months) for employees and spouses or same sex domestic partners per section five below (four-year waiting period for children remains unchanged):

(a) Full-Time Employees

Less than one (1) year of employment 6 credits per semester
(maximum of two (2) courses)

More than one (1) year of employment 7 credits per semester
(maximum of two (2) courses)

(b) Part-Time Employees (working 25 hours per week)

Less than one (1) year of employment 3 credits per semester
(maximum of one (1) course)

More than one (1) year of employment 4 credits per semester
(maximum of one (1) course)
In the summer semester, the University will retain the right to refuse to offer courses under this tuition exemption plan to employees where such courses are deemed to be inappropriate or inefficient by the University.

Section 2. The spouse and children of any full-time employee shall be entitled to utilize any unused portion of credit which the employee is entitled under this agreement, except that there shall be no accrual of any unused portion or credit.

Section 3. The spouse and children of an employee shall be entitled to apply the employee's unused portion of credit to any course, graduate or undergraduate, subject to the following modifications:

(a) That the course be given by a department or school of the Columbia Corporation. Courses given by Teachers College or Barnard College will not be tuition exempt for children or spouses.

(b) That, in cases of children, they must be enrolled as candidate(s) for a Bachelor, Professional or higher degree. In case where the son or daughter is registered as a degree candidate outside the University system, but is able to obtain admission as a non-matriculated special student at Columbia, tuition exemption will be granted.

(c) That enrollment in summer courses is subject to the limitation indicated above.

Section 4. Children must have matriculated into a degree program by age 26 to be eligible for the unused portion of the employee's benefit. Years of military service will not be counted toward matriculation age.

Section 5. That, as of August 20, 1974, the spouse and children of eligible full-time employees shall be entitled to utilization of any employee's unused portion of credit as outlined in this agreement. For all new hires past that date, the employee's spouse shall be immediately eligible for full utilization as outlined in this agreement, but the employee's children shall not be eligible until the employee has seniority for a minimum of four (4) years at the University.

ARTICLE 14 - PAID AND UNPAID LEAVE

Section 1. Any employee who performs service pursuant to the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended, will be granted all rights as provided by law.

Section 2. An employee will be granted three days special paid leave in the case of death in the family (wife, husband, parents of either spouse, children or stepchildren,
brothers and sisters of the employee, grandparents and also for in-laws residing in the employee’s household). In addition to said three days special paid leave, employees may use accrued vacation or personal leave, if necessary, for travel to the funeral of a covered family member outside of the New York City Metropolitan area. Approval for use of such vacation or personal leave will not be unreasonably denied.

When a death in the family occurs outside the employee's household, a leave of absence without pay and without loss of seniority not to exceed five (5) working days may be granted. A request for such a leave must be made by the employee and must be approved by the Supervisor.

Section 3. No salary shall be deducted from employees while they are serving on jury duty. Security officers on jury duty will be given weekends off.

Section 4. Maternity shall be treated as any other non-occupational disability circumstances as set forth in Article 10 A or Article 10 B of the Contract. Medical expenses incurred during pregnancy and maternity delivery shall be covered for all eligible employees under the applicable Medical Plans as would any other disability within the limits set forth in those plans.

The employee shall furnish the Employer with a certificate from her physician stating expected date of delivery. Active employment may continue during the pregnancy at the employee's discretion. However, the University reserves the right to require an authorization from the employee's physician attesting to the employee's ability to carry out normal duties.

Section 5. The University will provide a disability leave for non-occupational and occupational illness and injury as follows:

(a) Up to one (1) year from the last day worked for a non-occupational illness or injury.

(b) Up to one (1) year from the last day worked for an occupational illness or injury. In the case of an occupational injury, where the employee is unable to return to work within the one (1) year period, the employee will undergo a physical examination either by the employee's own doctor, or by the University's doctor, or by both doctors (employee's and University's). Where there is a dispute in the findings of the two doctors, a third doctor chosen by the above two doctors will make a final physical examination of the employee, and the findings of that examination will be final and binding upon all parties. The employee will be released from employment if there is no prognosis for return to his/her position within a definite and reasonable period of time.

Compensation during such leaves shall be within the limits set forth in Article 10 A or Article 10 B with the remainder of the leave being unpaid. Attendance at Workers Compensation Board hearings after return to work shall be paid at the appropriate rate providing that the employee has not exceeded six (6) weeks usage.
Section 6. Employees will be granted leave in accordance with the University's Family and Medical Leave Act Policy.

ARTICLE 15 - GRIEVANCE PROCEDURE

Section 1. In the event of any dispute arising with regard to the interpretation or application of any of the terms of this agreement, all such matters shall be adjusted in accordance with the following procedure:

Step 1. The employee feeling him/herself aggrieved shall discuss the grievance within five (5) days of the incident giving rise to the grievance with his/her immediate supervisor either alone, or at the employee's option, accompanied by the Shop Steward, or in his/her absence, his/her duly designated representative. Such immediate supervisor shall give his/her answer to said grievance within five (5) days. Failure on the part of the University to answer a grievance within the time limits provided for shall allow the Union, at its option, to proceed to the next step. The time limits specified in this Article may be extended only by written agreement between the University and the Union.

Step 2. It shall be presumed by the University that the grievance has been disposed of to the satisfaction of the Union and the employee under Step 1 unless within five (5) days after the expiration of the five-day period referred to in Step 1 for the employee's immediate supervisor to give his/her answer, a statement of the existence of a grievance is presented in writing to the head of the department or his/her designated representative in which said employee works. The head of the department or his/her designated representative shall set a date for a hearing to be held within five (5) days thereafter. The hearing may be attended by the said employee and two or three committee members of Local Union No. 241. At such hearing a written statement of the grievance and a summary of the basis for the action authorized by the immediate supervisor shall be drawn up. The department head or his/her designated representative shall give his/her answer in writing to said grievance within five (5) days after the completion of the hearing. Failure on the part of the University to answer a grievance within the time limits provided for shall allow the Union, at its option, to proceed to the next step. The time limits specified in this Article may be extended only by written agreement between the University and the Union.

Step 3. It shall be presumed by the University that the grievance has been disposed of to the satisfaction of the Union and the employee under Step 2 unless within five (5) days after the receipt of the decision at Step 2, the written statement of the grievance is presented to the Vice President for Personnel Management or his/her designated representative for consideration and discussion. The Vice President for Personnel Management or his/her designated representative shall set a date for a hearing to be held within five (5) days thereafter. The hearing may be attended by the said employee, three committee members of Local Union No. 241 and, at the Union's option, a representative of Transport Workers Union of America. The Vice President for Personnel Management or his/her designated representative shall give written answer to such grievance within five (5) days after completion of the hearing. Failure on the part of the University to answer a grievance within the time limits provided for shall allow the Union, at its option, to proceed to the
next step. The time limits specified in this Article may be extended only by written agreement between the University and the Union.

Termination arbitration hearings shall be scheduled within ninety (90) calendar days of the appeal to arbitration.

Step 4. It shall be presumed by the University that the grievance has been disposed of to the satisfaction of the Union and the employee under Step 3 unless within twenty (20) days after the receipt of the decision at Step 3, the Union serves notice in writing to said Vice President for Personnel Management or his/her designated representative that it elects to submit the grievance to arbitration. In such an event, within ten (10) days, the Union shall file for arbitration in writing to the Office of Employee and Labor Relations.

Failure on the part of the University to provide an answer at Step 3 shall allow the Union to proceed to arbitration by filing a written demand for arbitration with the Office of Employee and Labor Relations within ten (10) days following the date that the Step 3 response was due.

There shall be a standing panel of seven (7) arbitrators designated for the duration of the collective bargaining agreement to hear all cases arising under the agreement. The arbitrators are:

i. Rosemary Townley
ii. Stuart Bauchner
iii. Al Viani
iv. Howard Edelman
v. Melissa Biren
vi. Roger Maher
vii. Bonnie Weinstock

Cases will be heard in rotation order unless otherwise agreed by the parties. Vacancies on the panel shall be filled by joint designation of the parties. If the parties are unable to agree on a new arbitrator, they shall request a list of nine (9) names from the American Arbitration Association and shall alternately strike names from the list.

The decision of the arbitrator shall be final and binding upon the parties to the agreement. The arbitrator shall have authority to interpret and apply the provisions of this agreement as may be involved in said grievance but shall not have any power or authority to alter in any way any of the terms and provisions of this agreement.

The cost of such arbitration shall be borne equally by both parties to this agreement.

American Arbitration Association rules or such other mutually agreeable method shall be
ARTICLE 16 - DISCIPLINE AND DISCHARGE

Section 1. No employee shall be discharged after six (6) months of continuous service, except for just and sufficient cause. Any employee who is discharged after four (4) months of continuous service, or aggrieved by disciplinary action taken by the University (other than action taken by the University pursuant to Article 2, Section 2 hereof), shall have the right to have such action considered as a grievance and settled by the grievance procedure established under this agreement in Article 15. If such discharge or disciplinary action is determined to be unjustified, the employee shall be entitled to reinstatement, and/or back pay if loss of pay resulted from said disciplinary action.

Section 2. No employee may be suspended or terminated at the first step except for drunkenness, theft, assault, drug abuse and serious misconduct.

Section 3. Verbal and written warnings contained in an employee’s record will not be taken into consideration after one year for all actions except in disciplinary cases, i.e. drunkenness, theft, assault, drug abuse and serious misconduct (for example sexual harassment, fraud, threatening behavior, tampering with time records). Copies of individual letters of warning will be provided to the Union at the time they are delivered to the employee.

Section 4. Tardiness will continue to be handled on a case-by-case basis.

Section 5. Management may offer that vacation time be surrendered in lieu of unpaid
disciplinary suspension on a day-for-day basis subject to the employee’s agreement.

ARTICLE 17 - HEALTH AND SAFETY

Section 1. (a) The Union and the University agree to the formation of a joint advisory Health and Safety Committee. In the first year the Committee will meet at least five (5) times and thereafter will establish its own meeting schedule. Its function will be to investigate health and safety problems, to conduct inspections of work areas as needed and to make recommendations to management to resolve health and safety issues. The Union shall be entitled to have four (4) bargaining unit employee representatives on the Committee to be selected by the Union from the various departments, who may serve so long as their service on the committee does not unreasonably interfere with the performance of their regular duties. Committee members shall receive regular wages for all committee activities performed during the employees’ regular working hours. In case of emergency, the Health and Safety Committee shall be convened within twenty-four (24) hours.

Section 2. The University shall provide, on work time, safety and health training which is either required by law or agreed to between the parties.

(a) The University will conduct a training session for the Union’s Health and Safety Committee representatives on an annual basis.

Section 3. Any and all grievances arising from this clause may be filed at Step 3.

Section 4. The Health and Safety Committee will establish a mutually agreed-upon agenda and calendar of meetings to take place during the six-month period following the conclusion of negotiations. The items to be discussed will include, but not be limited to, the following:

- workplace conditions, including locker rooms;
- health and safety training;
- specific tasks as they impinge on safety.

Section 5. The Office of Environmental Health and Safety will, upon request, evaluate the operation and determine if a potential occupational exposure exists. The University shall provide examinations consistent with applicable standards and regulations. Notwithstanding the foregoing, the Union can:

- bring in its own Health and Safety expert, at its expense;
- he/she will notify the Office of Environmental Health and Safety, in advance, of his/her visit;
- a representative of the Office of Environmental Health and Safety may accompany the Union Health and Safety expert;
-such visits shall not interfere with day-to-day operations;
-the parties will exchange their respective reports and recommendations.

Section 6. All employees potentially exposed to biohazard areas will be issued radiation tags. Appropriate training will be given.

Section 7. Safety medical kits shall be supplied by the University and placed at locations throughout the University grounds and shall be provided in all locker rooms.

ARTICLE 18 - WORKING CONDITIONS

Section 1. (a) Uniforms shall be furnished by the University to all employees who are required to wear uniforms. The University will replace any work clothes destroyed, mutilated or damaged beyond repair because of conditions arising out of and in the course of employment in the service of the University, including normal wear and tear. Security Officers assigned to the dormitories shall be supplied two (2) uniform trousers and one (1) uniform hat at University expense. All damaged or worn uniforms and/or equipment must be returned to the University at the time when replacements are issued.

(b) New employees shall be fitted for uniforms within the first thirty (30) days of employment.

(c) The University shall provide cold weather gear and rubbers to all employees who regularly perform outside work.

(d) New shields shall be issued to all Security Officers reflecting their change in title.

(e) Since the University requires an employee to wear safety shoes or other authorized foot wear as part of his/her work uniform, once each year the University shall supplement the cost of such shoes. The shoe allowance will be $120.00 during the first and second year of this agreement. The shoe allowance will be increased to $130.00 during the third year of this agreement. This shoe allowance shall be paid provided that the shoes are worn while at work. This provision shall apply to all employees.

(f) The clothing allowance shall be $225.00.

(g) Whenever available, a "walkie-talkie" shall be supplied to each Security Officer.

(h) Summer ventilation hats will be provided to Security Officers.

(i) Locker and break rooms will be designated for the use of TWU members.
Section 2. A revised edition of the Security Handbook shall be issued to all Security Officers. Each addition to the handbook shall be distributed and signed for at the time of distribution.

Section 3. (a) Employees may use air-conditioned areas for lunch, where available.

(b) Microwaves and refrigerators shall be provided.

(c) All Campus garage and Baker Field trucks (exclusive of other types or vehicles) shall be equipped with heaters.

Section 4. All employees covered by the agreement will be required to take a medical (physical) examination to be eligible for employment as a Security Officer.

ARTICLE 19 - MISCELLANEOUS

Section 1. Whenever notice is required or permitted to be given from one of the parties to any other, it shall be deemed to be given if mailed by registered mail, securely enclosed in a sealed wrapper, postage prepaid, addressed, if to the University, Attention of the Vice President for Human Resources, Mail Code 7705, Morningside Heights, New York, New York, 10027 and, if to the Transport Workers Union or Local No. 241, or to any officers of said Local Union to any such addressee, Box 23, Columbia University, New York, New York 10027.

Section 2. (a) It is agreed that a procedure will be implemented to provide for the calculation of federal income tax on vacation pay (other than terminations) separately by payroll weeks, provided that each employee who desires an advance vacation check makes such request as required at least two weeks prior to the beginning of the vacation period.

(b) Each employee will receive verification from his/her department that his/her vacation pay advance has been authorized at least two days in advance of the date the check is due, provided that the employee has followed all appropriate departmental procedures.

(c) Each department will identify a designated advocate to resolve questions and/or problems regarding vacation checks. If at the end of 4 months the problems continue, the parties will meet to negotiate alternatives.

Section 3. The University will establish a "check-off" for use in making employee contributions to a credit union when authorized by a signed authorization card from the employee.

Section 4. The use of student guards shall be restricted to the Residence Halls except in emergency circumstances.

Section 5. Security Officers hired no later than 1962 who have made known their
Section 6. The two (2) Security Officers currently located at Prentis will be "grandfathered" on permanent assignment at that location. A third position at Prentis will be filled on the open shift by permanent assignment. These positions will not rotate as required under Article 6, Section 3 (o), but will continue to be filled based on operational needs.

Section 7. Employees shall be allowed to authorize payroll deductions for political contributions to a fund known as the "Committee on Political Education" (the "Committee"). It shall be the responsibility of the Union to obtain and deliver such authorization cards to the University. The content of such cards shall be agreed to by the University and the Union.

Upon receipt of authorization cards, the University shall begin weekly payroll deductions on the first feasible payroll.

The University shall deduct the actual expense of making the payroll deductions by a deduction from the contributions. Contributions shall be transmitted to the Committee on a monthly basis, after the payroll deductions are made.

Section 8. The University will provide anti-terrorism training on a one-time basis to Security Officers on University time.

Section 9. The employer shall continue to provide a convenient check cashing service.

Section 10. Security Officers will have access to the Columbia University Training funds pursuant to Article 21, Section 7 of the Maintenance and Custodial Agreement.

ARTICLE 20 - NO STRIKE-NO LOCKOUT

Section 1. It is the intent of the parties that the grievance and arbitration procedures set forth herein shall serve as a means of peaceable settlement of all disputes that may arise between them under this agreement and that, therefore, the University will neither cause nor permit a lockout or other anti-Union action, and that the Union will not engage in a strike, walkout, slowdown, or other curtailment of work during the life of this agreement.

ARTICLE 21 - CONFORMITY TO LAW

Section 1. Should any part of this agreement be held to be illegal or in violation of Federal or State Statute by any court or authorized agency having jurisdiction thereof, the agreement shall be deemed to exclude such part and the balance of said agreement shall continue to be valid as though the objectionable part had never been included. The parties shall forthwith enter into negotiations for the purpose of eliminating such part by substituting language therefor which does not violate said statute or decision.

Section 2. This agreement shall be superseded by any lawful regulation which is or may be imposed by any governmental authority having jurisdiction in the premises, to the extent
that such regulation is in conflict with any of the terms or provisions of this agreement.

ARTICLE 22 - TERM OF AGREEMENT

Section 1. This agreement became effective on April 1, 2022, and remains in force until March 31, 2025, and from year to year thereafter provided, however, that should either party desire to terminate this agreement or modify any portion of any of the terms hereof, at the end of such period, it shall notify the other party in writing of its desire not less than sixty (60) days prior to the end of such period.

Section 2. Negotiations upon such proposed changes or amendments of the terms of this agreement specified in such notice shall begin not later than fifty (50) days prior to the expiration date of such period, and shall continue until agreement is reached or until this agreement has been terminated on ten (10) days' notice, as hereinafter provided. During said negotiations, this agreement shall remain in full force and effect, except that during such negotiations subsequent to the expiration date of such period, either party, on ten (10) days' notice to the other, may terminate this agreement. If negotiations result in changes in wages, such changes shall be retroactive to the expiration date of the period with respect to which notice was given pursuant to the first section of this paragraph.

Section 3. This agreement shall be binding upon the successors and assigns of the parties hereto, and no provisions, terms or obligations herein contained shall be affected, modified, altered or changed in any respect whatsoever by the consolidation, merger, sale, transfer or assignment of either party hereto, or affected, modified, altered or changed in any respect whatsoever by any change of any kind in the legal status, ownership or management of either party hereto.

   (d) Union members shall be paid for time spent in meetings requested by the University.

Columbia University and TWU Essential Employees

The following sets forth the protocol for the treatment of essential personnel, during a declared State of Emergency and shall resolve any and all controversy related to this matter.

1. The University and the Union agree that the following protocol shall be effective February 1, 2018.

2. It is understood that all employees who work in the Department of Facilities Services and Public Safety are essential personnel and are expected to report to work, as scheduled.

3. Employees that work during a State of Emergency, as declared by State and City Government Officials of New York, where all means of transportation have been shut down, and they have been directed to stay off the roads, shall receive one (1) compensatory day for each day worked.

   a. Employees must use the compensatory day(s) within six (6) months of the day in which it was earned. The compensatory day(s) shall be treated as a banked holiday.

   b. Employees may report to work up to two (2) hours prior to the start of their shift, if requested to do so by their manager to avoid an impending transportation shutdown. Employees will be paid in accordance with the Collective Bargaining Agreement.

   c. The University will provide employees with appropriate accommodations in which to rest, sleep, shower, store, and meals.

4. Employees that are unable to report to work during a State of Emergency, as defined in paragraph 3 above, will be permitted to use vacation and/or personal banks to cover their absence or be absent without pay (AWOP). The absence will not be used as a threshold for discipline.

5. Employees that are directed by his/her manager to be on standby during their off shift, and are required to remain on campus during a State of Emergency, as defined in paragraph 3 above, will be paid in accordance with the Collective Bargaining Agreement.
6. Mechanize that are receiving bumper pay, who are unable to report to work during a State of Emergency, where all modes of transportation have been shut down, and State and City Government Officials of New York have issued a directive to stay off the roads, will not be subject to discipline.

Agreed:

Dear Sam:

The following restates Columbia University's policy regarding post mortem pay which will continue to apply to members of the Local 241 bargaining unit as long as it is in effect.

"In the event of the death of a regular (full-time and part-time) supporting staff employee, the base salary is continued for a period of forty-four working days following the date of death... Any unused accrued vacation and floating holidays at the time of death will be paid in addition to post-mortem pay."

Re: Disability Retirement Fund

Dear Sam,

The following is our agreement for implementing the Disability Retirement Fund established in the collective bargaining agreements between Columbia University and TWU Local 241:

1. At the end of every contract year, the parties will review the list of all TWU members who have retired on a disability and who have elected to continue their health benefits under COBRA. The total amount paid by each employee in the prior contract year will be considered in the review.

2. For the October 1995 – September 1996 contract year, the maximum monthly benefit payable to each eligible employee will be twenty-five dollars ($25.00). For the October 1996 – September 1997 contract year, the parties anticipate that the same maximum benefit will be payable; however, the parties may by agreement change the maximum based upon the number of eligible employees and the amount of COBRA payments made as compared to the available fund balance. For the October 1997 – November 1998 contract year, the parties will determine the anticipated maximum in October 1997.

3. Employees who have expended less than the maximum monthly benefit amount in months for which they are eligible will receive full reimbursement. Employees who have expended more than the maximum monthly benefit amount in months for which they are eligible will be limited to the maximum monthly benefit.

4. Funds not expended in one contract year will be carried over into the subsequent contract year.

5. The list of eligible employees, amount of reimbursement for the October 1995 – September 1996 contract year, and carry-over for the current contract year is attached.

If the foregoing is acceptable to the Union, please sign one copy of this letter and return it to me.

Sincerely,
David M. Cohen
Director, Compensation, Benefits Planning and Labor Relations

Re: Pension Credit

Dear Sam,

This will confirm the status of pension credits for union officials who are members of TWU Local 241 and employees of Columbia University, and who take time off to perform union business.

An employee who goes on an unpaid leave of absence or otherwise goes into a zero salary status would not receive credited service for the period of the leave. This would reduce the total service used to compute the final pension under both of the pension formulae used in the TWU plan. There is one exception to this rule: up to six months of unpaid leave in any three-year period will be included in service. (An example of this would be an employee who took a two-year leave of absence to work as a full-time union officer. Only six months of this time would be credited, provided that the employee has not taken more than six months in any three-year period.)

An employee who takes occasional time off, but who remains in an active status and continues to work as a regular employee, would not lose credited service. Therefore, his/her pension would not be affected. (An example of the kind of absence which would not affect credited service is a shop steward who requests two hours off to attend a grievance meeting, but who otherwise works the balance of the day.)

I hope that this information is responsive to your question.

Sincerely,

David M. Cohen
Director - Employee and Labor Relations

Re: Health Benefits

Dear Sam,

This will confirm our discussion about how long an employee on leave continues to receive health benefits.

Each benefit plan provides for the termination of coverage at the time that an employee goes on an unpaid leave of absence, unless the employee pays the required premiums during the approved period of the leave. This covers medical, dental, optical, USA, and tuition exemption benefits. Life insurance coverage continues for up to 12 months during an approved leave; thereafter the employee must pay the premiums.

Coverage for health benefits ends on the last day of the calendar month in which the unpaid leave begins. The employee is notified by Human Resources about the cost and procedure for continuing benefits during the remainder of the unpaid leave.

The exception to this rule is for an employee on Family and Medical Leave under the University’s policy and the Family and Medical Leave Act. Coverage for an eligible employee continues for the first 12 weeks of FMLA leave (paid and/or unpaid), and ends on the last day of the calendar month during which the leave expires. (While on FMLA leave, the employee must make any required employee contributions, whether the employee receives pay from the University, other benefits in lieu of pay, or no pay or other benefits in lieu of pay.)

Specifically with regard to an employee on extended sick leave, disability, or workers’ compensation, the employee’s coverage terminates on the last day of the month during which the FMLA leave expires OR the last day of the month during which the employee stops receiving pay from the University, whichever is later. State disability and workers’ compensation benefits are not pay from the University, and employees do not receive health benefits even if they are receiving those payments after the FMLA leave expires. Sick leave payments by the University pursuant to the collective bargaining agreement are pay from the University, and benefits continue so long as the employee continues to receive such payments, even after the expiration of FMLA leave (again, provided the employee makes any required employee contributions).

I hope that this information clarifies the University’s policies in this matter.

Re: Article VI, Wages & Scheduling, Section 3 (b)
(Maintenance and Custodial Employees)
(Security)

Dear Sam:

The following outlines our agreement with respect to payment for the sixth and seventh day of the work week:

An employee who works his/her five regularly scheduled work days of the work week, or a holiday or scheduled vacation day occurs on any of the five regularly scheduled work days, will receive pay for assigned work on the sixth and/or seventh day of the work week, as follows:

1. An employee who reports for a sixth shift or work day in a work week will receive time and one-half for all hours worked, except as provided below.

2. An employee who reports for a seventh shift or work day in a work week will receive double time for all hours worked.

3. An employee who reports to work on a sixth day and works a double shift (16 consecutive hours) will receive time and one-half for the first 8 hours and double time for the second 8 hours.

4. An employee who works less than a double shift (less than 16 consecutive hours) which overlaps the sixth and seventh days in the work week will receive time and one-half for all hours worked. The employee will receive double time for all hours worked if he/she reports for an additional shift or assignment on the seventh day.
The above supersedes any prior agreement, understanding, memoranda or past practice.

The Union withdraws the grievance in the case of A. Monszko/M. Ramchandren.

This agreement shall be effective immediately, and will not apply retroactively.

Sincerely,

Subject: Meal Breaks for Security Officers

Security Officers work an 8.5 hour day, including an unpaid 30 minute meal period. Therefore, officers should not be asked or directed to perform any routine duties during their meal break. However, in the event of an emergency, these officers can be utilized.

Officers who are directed to perform duty while on meal break will be compensated at time and one half for the entire thirty minute meal period. When an officer is being directed by a supervisor to perform duty while on meal break, the officer shall inform the supervisor that he or she is on meal and confirm that the supervisor is directing the officer to interrupt his or her meal.

Officers are expected to keep their radios on during their entire tour, including meal break.

Please ensure that no Security Officers are used during their lunch period in the absence of a legitimate emergency.

WORKERS’ COMPENSATION CLAIMS PROCEDURE

The attached Departmental Accident Report Form for Workers’ Compensation Benefits must be filled out if you have been injured on the job or develop a job-related illness. Late reporting may result in a delay in processing your claim.

If you have suffered a job-related illness or injury you are entitled to benefits under the N.Y. State Workers’ Compensation Law, not from N.Y. State Disability that covers illness or injury that is not job-related.

HERE’S WHAT YOU MUST DO:

1. **Get medical attention as soon as possible.**
   
   Tell the doctor you were injured at work. Make sure the doctor is authorized by the Workers’ Compensation board to treat work-related injuries and will file all necessary medical reports.
   
   DO NOT pay the doctor or hospital and do not let them charge your medical treatment to your health plan, unless it is an emergency. Save all receipts for treatments (emergency room, prescriptions, etc.)
   
   Advise the doctor to send the report (pink “C-4” form) and bills to the University’s insurance carrier:

REMEMBER…

In addition to filing the necessary forms, you must provide your supervisor with medical documentation (a doctor’s note) to cover your absence as well as keep him/her properly updated with respect to your anticipated return to work date.

You do not fill out a disability claim form (DB-450) unless you receive a “C-7” (Notice of Controversion) from the insurance carrier or the Worker’s Compensation Board.
