^{*}Eligible expenses are determined in accordance with the Claims Administrator's reimbursement policy as described in the Summary Plan Description.

Important note: Most services require precertification. If you use a network provider, your participating network physician or hospital generally takes care of the precertification process for you. However, it's always good to double-check that your provider has obtained the necessary authorizations from your health plan carrier. If you see a provider who is out-of-network, you are responsible for obtaining pre-certification.
