Only the spouse/same-sex domestic partner who was your dependent when you retired will be eligible for dental benefits after you retire. However, you may continue to add new dependent children to your coverage. Eligible children are those who are under age 19, or if a full-time student, under age 26.

If you are currently enrolled in same-sex domestic partner coverage and you enroll in benefits for 2023, you will continue to receive same-sex domestic partner benefits. Beginning January 1, 2023, new enrollees will not have the option of same-sex domestic partner coverage.
