APPENDIX A: Provisions Regarding the Merger of the Retirement Plan for Employees of Arden Conference Center

ARTICLE I INTRODUCTION

1.1 **History and Plan Establishment.** The Board of Trustees of Columbia University (the “University”) established the Retirement Plan for Supporting Staff of Columbia University (the “Plan”) effective July 1, 1949. Before 11:59:59 p.m. Eastern Time on December 31, 2021, the Plan provided retirement benefits under the Defined Benefit Program and Defined Contribution Program, respectively, for (i) Employees who were members of Local 2110 of the United Auto Workers (“Local 2110”) and the Hotel Employees & Restaurant Employees Union Local 100, AFL-CIO (“Local 100”); and (ii) eligible Employees of the University’s Supporting Staff.

(a) The Plan’s Defined Benefit Program provided benefits based on service completed by Participants before January 1, 1976. Notwithstanding the foregoing, the Plan’s Defined Benefit Program was frozen after December 31, 1975 with respect to all Participants. Consequently, no Participant shall accrue any additional benefits under the Defined Benefit Program on and after January 1, 1976.

(b) The Plan’s Defined Contribution Program provided benefits based on service completed by Participants on and after January 1, 1976.

1.2 **Plan Spin-Off.** Effective as of 11:59:59 p.m. Eastern Time on December 31, 2021, Participants in the Defined Contribution Program shall cease participating in this Plan. The assets and liabilities in the Plan’s Defined Contribution Program attributable to such Participants and beneficiaries shall be transferred to the Columbia University Defined Contribution Plan for Supporting Staff (the “Spin-Off Plan”) effective January 1, 2022 (the “Spin-Off Date”) or as soon as administratively practicable thereafter in accordance with Code Sections 401(a)(12) and 414(l) (and the Treasury Regulations promulgated thereunder). Effective on and after the Spin-Off Date, all such benefits under the Defined Contribution Program shall be payable from the Spin-Off Plan in accordance with the provisions thereof. Any Participant or beneficiary who had a benefit under this Plan’s Defined Contribution Program immediately before the Spin-Off Date, or of any persons who are claiming benefits through such Participant or beneficiary, shall receive a benefit under the Spin-Off Plan immediately after the Spin-Off Date that is at least equal to the benefit the Participant or beneficiary would have been entitled to receive under this Plan’s Defined Contribution Program immediately before the Spin-Off Date. Effective on and after the Spin-Off Date, only Participants with a benefit under the Defined Benefit Program shall be eligible to participate in the Plan.

(a) Notwithstanding any provision of the Plan to the contrary, any Participants and beneficiaries whose Defined Contribution Program benefits were in pay status as of the Spin-Off Date shall continue to receive such benefits in the same manner and amount as they were receiving before the Spin-Off Date, but payable from the Spin-Off Plan.

(b) Any Vested Participant who had incurred a Severance before the Spin-Off Date with a right to deferred vested benefits under the Plan’s Defined Contribution Program shall continue to have the same right on and after the Spin-Off Date under the terms of the Spin-Off Plan.

1.3 **Plan Purpose.** Effective on and after December 31, 2021, and subject to Section 1.1(a) above, the Plan provides pension benefits based on service completed by Participants before January 1, 1976. The Plan is maintained in part pursuant to the collective bargaining agreements between the University and Local 2110 and Local 100. The Plan is fully funded through University contributions and the assets of the Plan shall be administered, distributed, forfeited and otherwise governed by the provisions of the Plan. The Plan shall be administered by the Administrator, the Plan Trustees and the Pension Committee for the exclusive benefit of Participants (and their surviving spouses) and defraying reasonable expenses of administering the Plan.

1.4 **Plan Appendices.** The provisions of the Plan may be modified by an “Appendix.” The provisions of each Appendix amend or supplement certain provisions of the Plan with respect to the affected Covered Employees. To the extent a provision of an Appendix amends a provision of the Plan, it shall take precedence over such provision of the Plan with respect to the affected Covered Employees. To the extent a provision of an Appendix supplements a provision of the Plan, it shall apply in addition to such provision of the Plan with respect to the affected Covered Employees. In either case, all other provisions of the Plan shall apply.

1.5 **Plan Merger.** Effective as of 11:59 p.m. EST on December 31, 2018, the Retirement Plan for Employees of Arden Conference Center (the “Arden Plan”) was merged with and into the Plan through the transfer of all assets and liabilities from the Arden Plan to the Plan. After the merger, the benefits of participants under the Arden Plan continue to be determined under the Arden Plan document as further described in Appendix A.

1.6 **Plan Amendment and Restatement.** The Effective Date of this amended and restated Plan document shall be December 31, 2021, except as otherwise specified in the Plan. This amendment and restatement, made and entered into by the University, reflects all amendments to the Plan as approved by the Board of Trustees through December 31, 2021. The provisions of this document are intended to comply with Code Sections 401(a) and 501.

1.7 **Plan Applicability.** The provisions of this Plan document generally apply to Covered Employees and Participants under the Defined Benefit Program who have completed at least one Hour of Employment for the University on or after December 31, 2021, except as provided herein or required by law. The rights and benefits, if any, of Covered Employees or Participants whose employment terminated with the University or whose membership terminated under the Local 2110 or Local 100 collective bargaining agreements before December 31, 2021 (unless he or she is later reemployed by the University) shall be determined in accordance with the provisions of the Plan document in effect upon such termination except as provided herein or required by law.

1.8 **Plan Termination.** The Plan shall be terminated in a standard termination pursuant to ERISA Section 4041(b) effective as of 11:59:59 p.m. Eastern Time on December 31, 2021 in a manner consistent with the Pension Benefit Guaranty Corporation, Internal Revenue Service and Department of Labor Joint Implementation Guidelines issued on May 23, 1984 and subject to Article XI of this Plan.

ARTICLE II
DEFINITIONS

As used herein, the following capitalized terms have the respective meanings set forth below, unless the context clearly indicates a different meaning:

2.1 **Accrued Benefit.** “Accrued Benefit” means the amount of a Participant’s Base Monthly Pension accrued under the Plan.

2.2 **Actuarial Equivalent.** “Actuarial Equivalent” means a benefit of value equivalent to the value of the benefit replaced, applying the following assumptions:

(a) A 6% interest per annum and mortality determined under the 1965 Group Annuity Table, using female rates for all Participants and male rates for all beneficiaries.

(b) Effective October 1, 1998 and notwithstanding paragraph (a) above, to the extent it produces a larger benefit, the Actuarial Equivalent of a Pension payable in the form of lump sum shall be determined on the basis of the Applicable Mortality Table and the Applicable Interest Rate as defined below:

(i) For Pensions paid in the form of a lump sum on or after July 1, 2003, the Applicable Mortality Table is the mortality table under Revenue Ruling 2001-62, 1995-1 C.B. 80 or such other mortality table prescribed by the Commissioner of Internal Revenue for purposes of Code Section 417(e)(3), any of which shall be incorporated herein by this reference. Before July 1, 2003 and on or after October 1, 1998, the Applicable Mortality Table is the mortality table under Revenue Ruling 95-6, 1995-1 C.B. 80 or such other mortality table prescribed by the Commissioner of Internal Revenue for purposes of Code Section 417(e)(3).

(ii) For Pensions paid in the form of a lump sum on or after July 1, 2008, the Applicable Interest Rate shall be the interest rate described in Code Section 417(e)(3), the provisions of which are incorporated herein by this reference; provided, however that the interest rate shall be the rate for the fourth calendar month preceding the first day of the Plan Year that contains the Annuity Starting Date, and the “applicable percentages” shall be as follows:

Distribution Plan Year	30-Year Treasury Rate	Code Section 417(e)(3) Rate
2009	60%	40%
2010	40%	60%
2011	20%	80%
2012 and after	0%	100%

(iii) Before July 1, 2008 and on or after October 1, 1998, the Applicable Interest Rate is the annual rate of interest on 30-year Treasury securities as specified by the Commissioner of Internal Revenue for the fourth calendar month preceding the first day of the Plan Year that contains the Annuity Starting Date for the distribution and for which the Applicable Interest Rate remains constant.

(iv) If a Plan amendment changes the date for determining the Applicable Interest Rate (including an indirect change as a result of a change in the Plan Year), such amendment shall not be given effect with respect to any distribution during the period commencing one year after the later of the amendment's effective date or adoption date, if, during such period and as a result of such amendment, the Participant's distribution would be reduced.

This paragraph (b) shall not apply to the extent it would cause the Plan to fail to satisfy the requirements of Code Section 415.

2.3 **Administrator.** "Administrator" means the person appointed under Section 9.1 to administer the Plan.

2.4 **Alternate Payee.** "Alternate Payee" means a person defined in Code Section 414(p)(8) who is entitled to benefits under the Plan pursuant to a Qualified Domestic Relations Order, in accordance with Section 13.4.

2.5 **Annuity Starting Date.** "Annuity Starting Date" means the first day of the first period for which a Participant's benefit is paid as an annuity or, in the case of a benefit not payable in the form of an annuity, the first day on which all events have occurred which entitle the Participant to such benefit payment.

2.6 **Base Monthly Pension.** "Base Monthly Pension" means a Participant's monthly pension determined in accordance with Article IV.

2.7 **Board of Trustees.** "Board of Trustees" means the Trustees of Columbia University, or a duly appointed committee thereof, as each may from time to time be constituted.

2.8 **Break in Service.** "Break in Service" means the following:

(a) A Computation Period beginning on or after January 1, 1976 during which a Participant or former Participant fails to complete at least 501 Hours of Employment (a "1-Year Break in Service"). If a Participant incurs at least five consecutive 1-Year Breaks in Service on or after January 1, 1985, he or she will be treated as having incurred a "5-Year Break in Service."

(i) The "Computation Period" shall be the 12-consecutive-month-period beginning on the first day the Participant completes an Hour of Employment and the anniversaries thereof, and Hours of Employment shall be credited as follows:

(1) For periods of employment after June 30, 2007, on the basis of such Participant's actual Hours of Employment; and

(2) For periods of employment before July 1, 2007 and after January 1, 1976, on the basis of months worked whereby a Participant shall be credited with 190 Hours of Employment for each month during which the Participant is credited with at least one Hour of Employment.

(ii) Notwithstanding subparagraph (i) above, if a Participant's Vesting Service is computed using Plan Years as provided under Section 5.2(c)(i), the Computation Period for determining Breaks in Vesting Service shall be the Plan Year subject to the following:

(1) The Plan Year during which a Covered Employee first becomes a Participant shall not constitute a Break in Service regardless of the number of Hours of Employment he or she completes during such Plan Year; and

(2) For the period beginning January 1, 1999 and ending June 30, 2000, a Participant shall not incur a Break in Service for such period unless he or she fails to complete at least 501 Hours of Employment during the period beginning January 1, 1999 and ending December 31, 1999 and during the Plan Year beginning July 1, 1999.

(b) In determining whether a Participant or Covered Employee has incurred a Break in Service for a Computation Period, the following rules shall apply:

(i) A Participant shall be deemed to complete, during a Maternity/Paternity Absence which begins on or after January 1, 1985, the same number of Hours of Employment as he or she was regularly scheduled to work during a normal work week before the beginning of such Maternity/Paternity Absence (or eight hours for each normal working day in the Maternity/Paternity Absence, if the Administrator is unable to determine the Participant's regularly scheduled hours of work); provided, however, in no event shall more than 501 Hours of Employment be credited for any Maternity/Paternity Absence. Hours of Employment credited under this subparagraph shall first be credited to the Computation Period in which the Maternity/Paternity Absence begins if the crediting is necessary to prevent a Break in Service for that period and then to the following Computation Period.

(1) A Maternity/Paternity Absence means a period during which a Participant is initially absent from work (i) by reason of the Participant's pregnancy; (ii) by reason of the birth of a child of the Participant; (iii) by reason of the placement of a child with the Participant in connection with the Participant's adoption of the child; or (iv) for purposes of caring for a child described in (ii) or (iii) herein for a period beginning immediately following the birth or placement.

(2) This subparagraph shall not apply unless a Participant timely provides such information as the Administrator may reasonably require to establish that his or her absence from work was a Maternity/Paternity Absence and the number of days of such Maternity/Paternity Absence.

(ii) A Participant shall be deemed to complete during a FMLA Leave the same number of Hours of Employment as he or she was regularly scheduled to work during a normal work week before the beginning of such FMLA Leave, but only to the extent required by the Family and Medical Leave Act of 1993. Hours of Employment credited under this subparagraph shall be credited to Computation Periods. This subparagraph shall not apply unless a Participant timely provides such information as the Administrator may reasonably require to establish that his or her absence from work was a FMLA Leave and the number of days of such FMLA Leave.

2.9 **Code.** “Code” means the Internal Revenue Code of 1986, as amended from time to time. “Treasury Regulations” means the regulations issued under the Code by the Secretary of the Treasury. All references to any section of the Code or Treasury Regulation shall be deemed to refer not only to such section but also to any amendment thereof and any successor statutory or regulatory provision.

2.10 **Covered Employee.** “Covered Employee” means:

(a) Any Employee who is classified by the University as a member of the Supporting Staff (i) who receives remuneration for personal services rendered to the University (or would be receiving such remuneration if he or she were not on a Leave of Absence); (ii) who is not covered by another retirement plan (other than Social Security) to which the University contributes; and (ii) whose employment by the University is not the subject of a collective bargaining agreement;

(b) Any Employee whose terms of employment are the subject of collective bargaining between the University and Local 2110; and

(c) Any Employee whose terms of employment are the subject of collective bargaining between the University and Local 100.

Notwithstanding the foregoing, a “Covered Employee” shall not include (i) agents, consultants, independent contractors or self-employed individuals who have entered into an agency, consulting, independent contractor or other similar agreement with the University; and (ii) individuals who provide services to the University under a written contract between the University and a temporary help firm, employee leasing company, technical services firm, outsourcing company, professional employer organization or similar entity, regardless of whether such person has an employee relationship with the University.

An individual’s status as a Covered Employee shall be determined by the Administrator in its sole discretion and such determination shall be conclusive and binding on all persons notwithstanding any contrary determination by any court or governmental agency.

2.11 **Date of Employment.** “Date of Employment” means the first day an Employee completes an Hour of Employment for the University.

2.12 **Defined Benefit Program.** “Defined Benefit Program” means the Plan’s pension program that provides benefits based on service completed before January 1, 1976. Notwithstanding the foregoing, the Plan’s Defined Benefit Program shall be frozen after December 31, 1975 with respect to all Participants. Consequently, no Participant shall accrue any additional benefits under the Defined Benefit Program on and after January 1, 1976.

2.13 **Disability.** “Disability” means a physical or mental condition which totally and presumably permanently prevents a Participant from engaging in any substantial gainful activity and is expected to last for at least 12 months or to result in death. A Participant shall submit the following documentation to the Administrator in order to prove that he or she has incurred a Disability under the Plan:

(a) A “Social Security Award Letter” that is granted by the Department of Social Security; or

(b) Medical documentation that confirms the Participant has a physical or mental condition that totally prevents him or her from engaging in any substantially gainful activity and is expected to last for at least 12 months or results in death. If the medical documentation is not satisfactory, then the Participant shall be required to be examined by a Medical Doctor designated by the University.

2.14 **Disability Pension.** “Disability Pension” means a Participant’s Base Monthly Pension that is payable as a Disability Pension under Section 6.7.

2.15 **Effective Date.** “Effective Date” means, for this amended and restated Plan document, December 31, 2021. The Plan’s original effective date was July 1, 1949.

2.16 **Eligible Retirement Plan.** “Eligible Retirement Plan” means (i) an individual retirement account described in Code Section 408(a), including a Roth individual retirement account described in Code Section 408A; (ii) an individual retirement annuity described in Code Section 408(b); (iii) a qualified trust described in Code Section 401(a); (iv) an annuity plan or contract described in Code Section 403(a) or 403(b); and (v) an eligible plan described in Code Section 457(b) which is maintained by a state, political subdivision of a state or any agency or instrumentality of a state or political subdivision of a state that agrees to separately account for amounts transferred into such plan from this Plan. A plan or contract described in (iii), (iv) and (v) herein is an Eligible Retirement Plan only if such plan or contract accepts Eligible Rollover Distributions. The definition of Eligible Retirement Plan shall also apply in the case of a distribution to a spouse or former spouse who is an Alternate Payee.

2.17 **Eligible Rollover Distribution.** “Eligible Rollover Distribution” means any distribution of all or any portion of the balance to the credit of the Distributee except that an Eligible Rollover Distribution shall not include:

(a) Any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the Distributee or the joint lives (or joint life expectancies) of the Distributee and the Distributee’s designated joint annuitant;

(b) Any distribution that is one of a series of payments made for a specified period of 10 years or more; or

(c) Any distribution required under Code Section 401(a)(9).

For purposes of this Section, “Distributee” means any Participant receiving a distribution from the Plan, the Participant’s surviving spouse and the Participant’s former spouse who is an Alternate Payee.

2.18 **Employee.** “Employee” means any individual employed by the University as a common law employee as determined by the payroll or personnel records maintained by the University. No judicial or administrative reclassification, or reclassification by the University, of an individual as a common law employee shall be applied to grant retroactive eligibility to any individual under the Plan.

2.19 **ERISA.** “ERISA” means the Employee Retirement Income Security Act of 1974, as amended from time to time. “Labor Regulations” means the regulations issued under ERISA by the Secretary of the Department of Labor. All references to any section of ERISA or the Labor Regulations shall be deemed to refer not only to such section but also to any amendment thereof and any successor statutory or regulatory provision.

2.20 **Fiduciary.** “Fiduciary” means the University, the Administrator, the Retirement Committee, the Pension Committee, the Plan Trustee and the Board of Trustees, but only to the extent of the specific duties and responsibilities of each under the terms of the Plan and Trust Agreement that cause such person(s), entity or entities to be a “fiduciary” within the meaning of ERISA Section 3(21)(A).

2.21 **Hour of Covered Employment.** “Hour of Covered Employment” means each Hour of Employment credited to an Employee while he or she is a Covered Employee.

2.22 **Hour of Employment.** “Hour of Employment” means:

(a) Each hour for which an Employee is paid or entitled to payment by the University for the performance of duties. These hours shall be credited to the Employee for the Plan Year or applicable computation period in which the duties are performed.

(b) Each hour (up to a maximum of 501 hours for any single continuous period during which the Employee performs no duties) for which an Employee is paid or entitled to payment by the University for reasons (such as vacation, holidays, sickness, disability or Leave of Absence) other than for the performance of duties. These hours shall be credited to the Employee for the Plan Year or applicable computation period for which payment is made or amounts payable to the Employee become due.

(c) Each hour for which back pay (whether pursuant to an award or by agreement and irrespective of mitigation of damages) has been either awarded or agreed to by the University. These hours shall be credited to the Employee for the Plan Year or applicable computation period to which the award or agreement pertains rather than the Plan Year or applicable computation period in which the payment is made.

(d) Each hour for an unpaid Leave of Absence equal to the number of Hours of Employment as the Employee was regularly scheduled to work during a normal work week before the beginning of such unpaid Leave of Absence, but not to exceed six months within any three-year period.

(e) Each hour for a Military Leave equal to the number of Hours of Employment as the Employee was regularly scheduled to work during a normal work week before the beginning of such Military Leave, but only to the extent required by Code Section 414(u) and the Uniformed Services Employment and Reemployment Rights Act of 1994 and related legislation. This paragraph shall not apply unless an Employee timely provides such information as the Administrator may reasonably require to establish that his or her absence from work was a Military Leave and the number of days of such Military Leave.

(f) In each case, there shall be no duplication of credit for any Hour of Employment credited under the paragraphs above.

Hours of Employment shall be determined without regard to whether payment therefor is at a straight-time rate, at an overtime rate, at a shift or holiday premium rate or in the form of a weekly or monthly salary.

The rate or manner used for crediting Hours of Employment may be changed at the direction of the Administrator from time to time to facilitate administration and to equitably reflect the purpose of the Plan. Hours of Employment shall be credited and determined in compliance with Labor Regulation Sections 2530.200b-2(b) and (c), as may be amended from time to time, or such other Federal regulations as may be applicable from time to time.

2.23 **Local 100.** “Local 100” means the Hotel Employees & Restaurant Employees Union Local 100, AFL-CIO.

2.24 **Local 2110.** “Local 2110” means the Local 2110 of the United Auto Workers.

2.25 **Leave of Absence.** “Leave of Absence” means any absence from employment duly authorized by the University pursuant to its leave of absence policy applicable to all persons similarly situated, including but not limited to the following:

(a) **FMLA Leave.** A Leave of Absence that is described under the Family and Medical Leave Act of 1993 that begins on or after August 5, 1993.

(b) **Military Leave.** A Leave of Absence that is described under Code Section 414(u) and the Uniformed Services Employment and Reemployment Rights Act of 1994 and related legislation, as amended from time to time.

A FMLA Leave and a Military Leave shall be duly authorized by the University only if a Covered Employee or Participant timely provides such information as the Administrator may reasonably require to establish that his or her absence from work is on account of a FMLA or Military Leave and the number of days of such FMLA or Military Leave.

2.26 **Non-Vested Participant.** “Non-Vested Participant” means any Participant who has no vested interest in his or her Accrued Benefit.

2.27 **Normal Retirement Age.** “Normal Retirement Age” means a Participant’s 65th birthday.

2.28 **Normal Retirement Date.** “Normal Retirement Date” means the first day of the calendar month coinciding with or next following the Participant’s Normal Retirement Age.

2.29 **Participant.** “Participant” means a Covered Employee or former Covered Employee who meets the requirements of Section 3.1 for participation in the Plan. A Participant shall remain a Participant so long as a (i) Pension is payable to the Participant or his or her co-annuitant; or (ii) Surviving Spouse Pension is payable to the Participant’s surviving spouse (as described in Article VI or VII). A Non-Vested Participant shall cease to be a Participant upon the forfeiture of his or her Accrued Benefit following a Severance as provided under Section 5.4; provided, that such former Participant shall be reinstated as a Participant if his or her Accrued Benefit is restored under Section 5.4.

2.30 **Pension.** “Pension” means a Vested Participant’s Base Monthly Pension that is payable as an annuity or in a single lump sum under the Plan.

2.31 **Pension Committee.** “Pension Committee” means the committee appointed pursuant to Section 9.2.

2.32 **Plan.** “Plan” means this Retirement Plan for Supporting Staff of Columbia University, as amended from time to time.

2.33 **Plan Trustee.** “Plan Trustee” means the person, persons or entity acting at any time as a trustee under a Trust Agreement.

2.34 **Plan Year.** Effective with the Plan Year beginning January 1, 1999, the “Plan Year” means the University’s fiscal year ending on each June 30th. Before the Plan Year beginning January 1, 1999, the Plan Year was a calendar year. Due to the change in the Plan Year, there was a short Plan Year beginning January 1, 1999 and ending June 30, 1999.

2.35 **Qualified Domestic Relations Order.** “Qualified Domestic Relations Order” means a judicial order described in Code Section 414(p) and ERISA Section 206(d)(3), as determined by the Administrator (or its delegate), which assigns all or a portion of a Participant’s Accrued Benefit to an Alternate Payee in accordance with Section 13.4.

2.36 **Retirement Committee.** “Retirement Committee” means the committee appointed pursuant to Section 9.2.

2.37 **Severance.** “Severance” means the termination of an Employee’s employment with the University by reason of such Employee’s death, retirement, resignation or discharge.

2.38 **Trust Agreement.** “Trust Agreement” means an agreement described in Section 10.2 and which constitutes a part of the Plan.

2.39 **Trust Fund.** “Trust Fund” means the trust fund established and maintained pursuant to a Trust Agreement for the purpose of funding benefits under the Plan. A trust fund held under the Plan shall be treated as separate trust funds to be credited with all income and gains and charged with all losses and transaction costs attributable to its own investments.

2.40 **University.** “University” means Columbia University.

2.41 **Vested Participant.** “Vested Participant” means any Participant who is fully vested in accordance with Section 5.1.

2.42 **Vesting Service.** “Vesting Service” means such portion, measured in years (including, where appropriate, fractions of years), of a Participant’s period of employment with the University that is taken into account under Section 5.2 for determining whether a Participant is a Vested Participant under the Plan.

ARTICLE III
PARTICIPATION

3.1 **Participation.** Any Covered Employee or former Covered Employee who had a frozen Accrued Benefit under the Plan on December 30, 2021 shall continue to be a Participant as of December 31, 2021. Notwithstanding any other provision of the Plan to the contrary, the Plan's Defined Benefit Program was frozen after December 31, 1975 with respect to all Participants. Consequently, no Covered Employee shall become a Participant under the Plan's Defined Benefit Program on and after January 1, 1976.

3.2 **Rollover Contributions.** Notwithstanding any other provision of the Plan to the contrary, an Employee shall not be permitted to make a rollover contribution to this Plan, and the Plan shall not accept any rollover contributions from any other Eligible Retirement Plan.

ARTICLE IV
BASE MONTHLY PENSION

4.1 **General Provisions.** Plan benefits shall be paid as a Pension. The Pension payable to a Vested Participant shall be determined by reference to his or her Base Monthly Pension as computed in Section 4.2 below. Notwithstanding the foregoing, the Plan's Defined Benefit Program shall be frozen after December 31, 1975 with respect to all Participants. Consequently, no Participant shall accrue any additional benefits under the Defined Benefit Program on and after January 1, 1976.

4.2 **Base Monthly Pension.** A Vested Participant's Base Monthly Pension, payable at his or her Normal Retirement Date and ending on the first day of the month in which he or she dies, shall be equal to one-twelfth of the sum of paragraphs (a), (b) and (c) below:

- (a) For each calendar month included in the Participant's Past Service, 1.25% of the Participant's Monthly Compensation up to \$550; *plus*
- (b) 1.50% of such Monthly Compensation that exceeds \$550 but does not exceed \$650; *plus*
- (c) 1.75% of such Monthly Compensation that exceeds \$650.

A Participant's "Monthly Compensation" for any Plan Year before 1971 means one-twelfth of the Participant's rate of base compensation (exclusive of compensation for overtime work and compensation in the form of shift and holiday premiums) in effect for him or her on December 31, 1970 (or the latest date before December 31, 1970 on which such Participant was a Covered Employee). A Participant's "Monthly Compensation" for any other period means one-twelfth of a Participant's highest annual rate of pay in effect for each calendar month in which the Participant is credited with at least one Hour of Covered Employment. Monthly Compensation paid on and after January 1, 1976 shall not be taken into account under this Article.

4.3 **Past Service.**

(a) Subject to the Break in Service rules under Section 4.4, for a Participant who was a Covered Employee on December 31, 1975 and remained a Covered Employee thereafter, Past Service shall consist of his or her eligible service under the Plan as of that date, determined under the provisions of the Plan then in effect (but increased by any period of his or her University employment not included in such eligible service solely because (i) he or she was under age 25 during such period; or (ii) such period began on or after his or her 55th birthday).

(b) Any other Participant who was a Covered Employee before January 1, 1976 and who again becomes a Covered Employee on or after January 1, 1976 shall be credited with Past Service if (but only if) at least one of the following conditions is satisfied:

- (i) The Participant's prior eligible service is at least five years and his or her first return to Covered Employee status on or after January 1, 1976 occurs before his or her 50th birthday;

(ii) The Participant's first return to Covered Employee status on or after January 1, 1976 occurs no more than six months after the end of his or her latest prior period of employment; or

(iii) The Participant's right to retirement benefits under the Plan had become vested, under the provisions of the Plan at the time in effect, at or before the termination of his or her latest period of employment ending before January 1, 1976.

Any Past Service credited to a Participant under the preceding sentence shall, subject to Section 4.4, consist of his or her eligible service under the Plan as of the last day of his or her employment before the Effective Date, determined under the provisions of the Plan in effect on such day (but increased by any period of his or her University employment not included in such eligible service solely because (i) he or she was under age 25 during such period; or (ii) such period began on or after his or her 55th birthday).

(c) Before January 1, 1988 (January 1, 1989 in the case of a Participant whose terms of employment are the subject of collective bargaining between the University and Local 2110), a Participant shall not be credited with Past Service for periods of employment following his or her Normal Retirement Date. On and after January 1, 1988 (January 1, 1989 in the case of a Participant whose terms of employment are the subject of collective bargaining between the University and Local 2110), a Participant's Past Service shall include any periods of employment following his or her Normal Retirement Date; provided, that such employment occurred before December 31, 1975.

4.4 **Break in Service.** A Break in Service shall have no effect upon the Past Service of a Vested Participant. In the case of Non-Vested Participant, his or her Past Service before a Break in Service shall be disregarded if his or her Vesting Service is disregarded under Section 5.3.

ARTICLE V
VESTING

5.1 **Vesting Schedule.** A Participant's right to a Pension under Article VI shall be fully vested as set forth below and, effective on or after January 1, 2007, upon his or her death while performing qualified military service (as defined in Code Section 414(u)(5)). Notwithstanding anything in this Section to the contrary, the Plan shall comply with Code Section 401(a)(37) relating to "Death Benefits Under USERRA-Qualified Military Service," the terms of which are incorporated by this reference.

(a) **On or After January 1, 1989.** A Participant who completed at least one Hour of Employment on or after January 1, 1989 shall be fully vested in his or her Accrued Benefit upon the earlier of his or her (i) completion of five years of Vesting Service; (ii) attainment of Normal Retirement Age while employed by the University; or (iii) Date of Employment if such date is on or after his or her Normal Retirement Age.

(b) **Before January 1, 1989.** Except as otherwise provided under the terms of the Plan in effect on a Participant's date of Severance, a Participant who did not complete an Hour of Employment after January 1, 1989 shall be fully vested in his or her Accrued Benefit upon the earlier of his or her (i) completion of 10 years of Vesting Service; or (ii) attainment of Normal Retirement Age while employed by the University.

5.2 **Vesting Service.** A Participant shall, subject to the Break in Vesting Service rules described in Section 5.3, be credited with Vesting Service as follows:

(a) A Participant shall be credited with (i) one full year of Vesting Service if he or she completes at least 1,000 Hours of Employment during a Computation Period; or (ii) a fraction of a year of Vesting Service if he or she completes less than 1,000 Hours of Employment during a Computation Period, obtained by dividing the number of his or her Hours of Employment by 1,000 (rounded to the nearest 1/12). For purposes of determining Vesting Service under this paragraph:

(i) The Computation Period shall be the 12-consecutive-month-period beginning on the first day the Participant completes an Hour of Employment and the anniversaries thereof.

(ii) Hours of Employment shall be credited as follows:

(1) For periods of employment after June 30, 2007, on the basis of such Participant's actual Hours of Employment; and

(2) For periods of employment before July 1, 2007, on the basis of months worked whereby a Participant shall be credited with 190 Hours of Employment for each month during which the Participant is credited with at least one Hour of Employment.

(b) A Participant, the terms of whose employment are subject to a collective bargaining agreement between the University and Local 100, shall be credited with Vesting Service as determined under paragraph (a) above, except that (i) “800” shall be substituted for “1,000” in each place it appears; and (ii) the Participant shall be credited with Vesting Service for periods of University employment before September 30, 1998 as determined under the applicable collective bargaining agreement between the University and Local 100.

(c) Notwithstanding the foregoing:

(i) Before July 1, 2007, a Participant’s Vesting Service shall be the greater of:

(1) The Participant’s Vesting Service as determined under paragraphs (a) and (b) above; or

(2) The Participant’s Vesting Service as determined under paragraphs (a) and (b) above, except that (i) paragraph (a)(i) above shall not apply and “Plan Year” shall be substituted for “Computation Period” in each place it appears in paragraph (a); and (ii) a Participant shall accrue two full years of Vesting Service if he or she completed at least 1,000 Hours of Employment (800 Hours of Employment in the case of a Participant described in paragraph (b)) during the period beginning January 1, 1999 and ending December 31, 1999 and during the Plan Year beginning July 1, 1999.

(3) On or after July 1, 2007, a Participant’s Vesting Service shall be the greater of his or her Vesting Service as determined under paragraph (c)(i) above or his or her Vesting Service as determined under paragraphs (a) and (b) above, except that he or she shall accrue two full years of Vesting Service if he or she completed at least 1,000 Hours of Employment (800 Hours of Employment in the case of a Participant described in paragraph (b)) during the Plan Year ending June 30, 2007 and during his or her first Computation Period (as defined in paragraph (b) above) ending after June 30, 2007.

(4) On and after January 1, 1988 (January 1, 1989 in the case of a Participant whose terms of employment are the subject of collective bargaining between the University and Local 2110), a Participant shall be credited with Vesting Service for periods of employment following his or her Normal Retirement Date. Before January 1, 1988 (January 1, 1989 in the case of a Participant whose terms of employment are the subject of collective bargaining between the University and Local 2110), a Participant shall not be credited with Vesting Service for periods of employment following his or her Normal Retirement Date.

(5) Effective as of January 1, 1997, employment with 61st Street Service Corporation shall be taken into account to the same extent it would have been if it had been employment with the University, but only for those individuals who, during November 1984, transferred employment from the University to 61st Street Service Corporation, and were participants in this Plan immediately before their transfer of employment.

5.3 **Break in Vesting Service.** All years of Vesting Service shall be taken into account in determining whether a Participant is a Vested Participant under the Plan, except as follows:

(a) **On or After January 1, 1985.** If a Non-Vested Participant incurs a 1-Year Break in Service, Vesting Service before such break shall be taken into account only after the Participant has completed at least 1,000 Hours of Employment during the computation period following such break. If a Non-Vested Participant incurs a 5-Year Break in Service as defined in Section 2.8 and the number of his or her 1-Year Breaks in Service equals or exceeds the number of his or her years of Vesting Service determined at the beginning of the initial 1-Year Break in Service, Vesting Service credited before such 5-Year Break in Service shall be disregarded.

(b) **Before January 1, 1985.** In the case of a Break in Service that ends before January 1, 1985, the rules of this Section shall be applied under the terms of the Plan then in effect.

5.4 **Forfeiture of Accrued Benefit.** If a Participant is a Non-Vested Participant upon Severance, the Participant shall be deemed to have received a distribution of his or her Accrued Benefit upon such Severance and such Accrued Benefit shall be immediately forfeited. The amount forfeited under this Section shall be restored if the former Non-Vested Participant is reemployed by the University before incurring a 5-Year Break in Service as defined in Section 2.8. If a Participant fails to complete an Hour of Employment on or after January 1, 1986, the amount forfeited or restored under this Section shall be forfeited or restored to the extent provided under the terms of the Plan then in effect.

ARTICLE VI
PAYMENT OF PENSIONS

6.1 **General Provisions.** A Participant shall be entitled to a Pension under this Article only if he or she is a Vested Participant under the Plan. No Pension shall be payable to a Non-Vested Participant. For purposes of this Article, any references to “Participant” mean a Vested Participant under the Plan.

6.2 **Amount of Pension.** The monthly amount of Pension payable to a Participant shall be determined by reference to his or her Base Monthly Pension.

(a) **Normal Retirement Pension.** A Participant who incurs a Severance shall be entitled to receive a Pension commencing on his or her Normal Retirement Date or, if later, the first day of the calendar month following the day a Qualified Election (as described in Section 6.6) is received by the Administrator. The amount of such Pension shall be equal to the monthly amount of the Participant’s Base Monthly Pension determined under Article IV. If a Participant does not make a Qualified Election before his or her Normal Retirement Date, the failure to do so shall be deemed an election to defer the payment of his or her Normal Retirement Pension beyond his or her Normal Retirement Date, but in no event later than his or her Required Beginning Date (as defined in Article VIII).

(b) **Early Retirement Pension.** A Participant who incurs a Severance before his or her Normal Retirement Age shall be entitled to receive a Pension commencing (i) on his or her Normal Retirement Date as described in paragraph (a); or (ii) on the first day of any calendar month beginning on or after his or her 55th birthday; provided, that in each case, a Qualified Election (as described in Section 6.6) is received by the Administrator before such date. If such Pension commences before the Participant’s Normal Retirement Date, the Participant’s Base Monthly Pension shall be reduced in accordance with Table I which is attached to the Plan and made a part hereof for each full year by which the Annuity Starting Date of the Pension precedes the Participant’s Normal Retirement Date and by a proportionate percentage for any fraction of a year (or, in the case of a Participant whose Annuity Starting Date was before January 1, 1997, reduced in accordance with the terms of the Plan then in effect).

(c) **Deferred Retirement Pension.** A Participant who, in accordance with University personnel policies and procedures, continues as an Employee beyond his or her Normal Retirement Date shall be entitled to a Pension commencing on the first day of the calendar month next following his or her Severance (“Deferred Retirement Date”). A Pension payable under this paragraph (c) shall be the greater of (i) his or her benefit determined at his or her Deferred Retirement Date; or (ii) the Actuarial Equivalent of the Participant’s Normal Retirement Pension. This paragraph (c) shall not be applied to provide a benefit greater than that required under Code Section 401(a)(9)(C).

(d) In-Service Age 70½ Retirement Pension. A Participant who, in accordance with University personnel policies and procedures, continues as an Employee beyond age 70½ may make a one-time election that his or her Pension commence no later than the April 1st next following the calendar year in which the Participant reaches age 70½.

(e) Small Pensions. Notwithstanding anything in this Section to the contrary, if the Actuarial Equivalent of a Participant's Accrued Benefit is less than \$100,000 as determined on his or her Annuity Starting Date, such Participant may make a Qualified Election (as described in Section 6.6) to elect that his or her Pension be paid or commence as soon as administratively practicable following his or her Severance, but in no event later than his or her Normal Retirement Date.

Notwithstanding anything to the contrary, a Participant's Pension shall be properly and equitably adjusted by the actuarial equivalent of any payments theretofore made to him or her under the Plan.

6.3 Accrued Benefits of \$5,000 or Less. Notwithstanding Section 6.2 or any other provision of the Plan to the contrary, effective on and after January 1, 2021, if the Actuarial Equivalent of a Participant's Accrued Benefit is equal to \$1,000 or less, a lump sum payment shall automatically be made following the Participant's Severance in accordance with the Administrator's procedures. If the Actuarial Equivalent of the Participant's Accrued Benefit exceeds \$1,000 but does not exceed \$5,000, and if the Participant does not elect to have such distribution paid directly as an Eligible Rollover Distribution to an Eligible Retirement Plan specified by the Participant in a Direct Rollover or to receive the distribution directly in accordance with this Section, then the Administrator will automatically pay the distribution in a Direct Rollover to the individual retirement account designated by the Administrator. This Section shall also apply to the Surviving Spouse Pension payable to a surviving spouse, in the event of the Participant's death, and to the Accrued Benefit of any Alternate Payee in accordance with procedures established by the Administrator.

6.4 Forms of Pension. A Participant's Pension shall be paid under this Section. If such Pension is paid in the form of a single life annuity under paragraph (b) below, each monthly payment shall be equal to that amount as determined under Section 6.2. If such Pension is paid in any form other than a single life annuity, the monthly payment shall be the Actuarial Equivalent of the Participant's Pension.

(a) Required Forms of Payment. A Participant's Pension shall be automatically paid in the form of a (i) single life annuity if a Participant is not married on his or her Annuity Starting Date; or (ii) 50% joint and survivor annuity with his or her spouse as co-annuitant if a Participant is married on his or her Annuity Starting Date.

(b) Optional Forms of Payment. A Participant may, upon making a Qualified Election under Section 6.6, choose one of the optional forms of payment described in subparagraph (i) or (ii) below or, if eligible, the optional form of payment described in subparagraph (iii) below.

(i) Single Life Annuity. A Pension paid as a single life annuity consists of equal monthly payments commencing on an Annuity Starting Date determined under Section 6.2 and ending on the first day of the month in which the Participant dies.

(ii) Joint and Survivor Annuity. A Pension paid as a joint and survivor annuity consists of (A) equal reduced monthly payments to the Participant, commencing on an Annuity Starting Date determined under Section 6.2 and ending on the first day of the month in which such Participant dies; and (B) thereafter, if such Participant is survived by his or her co-annuitant, monthly payments to such co-annuitant, each of which, as elected by the Participant, shall be equal to 50%, 75% or 100% of the monthly payments theretofore made to such Participant, commencing on the first day of the month immediately following the month in which such Participant dies and ending on the first day of the month in which such co-annuitant dies.

(iii) Single Lump Sum. A Pension paid as a single lump sum is a lump sum payment equal to the Actuarial Equivalent of a Participant's Accrued Benefit that, at the election of the Participant, all or any portion shall be paid directly to the Participant or as an Eligible Rollover Distribution to an Eligible Retirement Plan. A Participant may elect this form of payment only if the Actuarial Equivalent of his or her Accrued Benefit is less than \$100,000 on his or her Annuity Starting Date.

(c) Administrative Convenience. If the monthly amount of a Pension determined under this Article is less than \$25, the Administrator may, at his or her discretion, direct that such Pension be paid in equivalent quarterly, semiannual or annual installments.

6.5 **Minimum Required Distributions**. Notwithstanding anything in the Plan to the contrary, the distribution of benefits under the Plan shall be made in accordance with Code Section 401(a)(9) and the final Treasury Regulations thereunder and the provisions of Article VIII shall override any distribution option in the Plan inconsistent with Code Section 401(a)(9).

6.6 **Qualified Election**. A Participant must consent to the payment or commencement of his or her Pension before his or her Normal Retirement Date and may waive the required annuity form of payment described in Section 6.4 and elect an optional form of payment as follows:

(a) Consent For Early Payment. A Participant's Pension shall not commence before the Participant's Normal Retirement Date unless the Participant and, if applicable, his or her spouse consents in writing, or in such other form as may be permitted under the Code or ERISA and any guidance issued thereunder, to receive payment before such date.

(b) Waiver of Required Annuity Form of Payment. A Participant may waive the required annuity form of payment or, in the case of a Participant who is married, may waive the required annuity form of payment with the consent of his or her spouse, and elect an optional form of payment described in Section 6.4(b).

(c) Required Explanation. Any elections made hereunder shall not be a Qualified Election unless the Administrator provides the Participant with an explanation in writing, or in such other form as may be permitted under the Code or ERISA and any guidance issued thereunder, that conforms to the requirements of the Code and ERISA; provided, that such explanation shall include: (i) the terms and conditions of the required form of payment; (ii) the Participant's right to make, and the effect of, an election to waive the required form of payment; (iii) the Participant's right to make, and the effect of, a revocation of a previous election to waive the required form of payment; (iv) a general description of the material features and an explanation of the relative values of the available optional forms of payment under the Plan; (v) a statement that the Participant has the right to defer the payment of his or her Pension until his or her Normal Retirement Date and a description of the consequences of failing to do so; and (vi) the rights of the Participant's spouse to refuse to consent to the payment of the Participant's Pension before the Participant's Normal Retirement Date or to the Participant's waiver of the required form of payment.

(d) Spousal Consent. Any elections made hereunder shall not be a Qualified Election with respect to a married Participant unless: (i) the Participant's spouse consents in writing, or in such other form as may be permitted under the Code or ERISA and any guidance issued thereunder, to the Participant's election; (ii) such election designates the form of benefit unless the spouse expressly permits designations by the Participant without any further spousal consent; (iii) the Participant's spouse acknowledges the effect of the Participant's election; and (iv) the spouse's consent is witnessed by a Plan representative or notary public. A waiver that permits a Participant to designate another form of benefit without any requirement of further consent by such spouse must acknowledge that the spouse has the right to limit consent to a specific form of benefit and a specific co-annuitant and that the spouse voluntarily elects to relinquish such rights. If the Administrator determines there is no spouse, the spouse cannot be located or because of such other circumstances as Treasury Regulations may prescribe, an election by the Participant alone shall be deemed a Qualified Election. Any consent by a spouse (or establishment that the consent of a spouse may not be obtained) shall (i) be effective only with respect to such spouse; and (ii) be irrevocable; provided, however, a Participant may revoke a Qualified Election without the consent of the spouse at any time before distribution is made or distributions commence.

(e) Election Period. A Participant may make or revoke in a writing any election made hereunder during the election period established by the Administrator. Such election period shall begin when the explanation described in paragraph (c) above is furnished to the Participant and shall end, with no opportunity for a further election or revocation, on the Annuity Starting Date.

(i) The Administrator, to the extent required, shall provide the explanation and election forms described in the above paragraphs no less than 30 days and no more than 180 days before the Participant's Annuity Starting Date.

(ii) Notwithstanding subparagraph (i) above, the explanation and elections forms may be provided to the Participant less than 30 days before his or her Annuity Starting Date if the explanation: (A) clearly indicates that the Participant has at least 30 days to consider whether to waive his or her required form of payment and to elect with spousal consent, if applicable, an optional form of payment; (B) the Participant is permitted to revoke any affirmative distribution election at least until the Participant's Annuity Starting Date or, if later, at any time before the expiration of the seven-day period that begins the day after the explanation is provided to the Participant; and (C) the Participant's Annuity Starting Date is after the date the explanation was provided to the Participant.

6.7 **Disability Pension.** A Vested Participant who incurs a Severance on account of Disability before his or her Normal Retirement Date shall be entitled to a Disability Pension under this Section. A Disability Pension shall not be payable to a Participant who incurs a Disability following Severance. For purposes of this Section, any references to "Participant" mean a Participant who is a Vested Participant under the Plan.

(a) **Amount of Disability Pension.** The monthly amount of Disability Pension payable to a Participant shall be equal to his or her Accrued Benefit determined as of the day immediately preceding his or her Severance, without reduction for commencement of payment before his or her Normal Retirement Date.

(b) **Forms of Disability Pension.** A Participant's Disability Pension shall be paid in such form as provided in Section 6.4(a), unless the Participant elects an optional form of payment under Section 6.4(b), and shall otherwise be paid in accordance with this Article except as follows:

(i) **Elimination of Single Lump Sum Form of Payment.** The optional single lump sum form of payment described in Section 6.4(b) shall not apply.

(ii) **Joint and Survivor Annuity.** If the Participant elects that his or her Disability Pension be paid in the form of a joint and survivor annuity and the Participant dies before reaching his or her Normal Retirement Date, the survivor annuity shall be paid to his or her co-annuitant commencing on the first day of the month immediately following the month in which such Participant dies; provided, that such co-annuitant survives the Participant. Such survivor annuity shall end on the first day of the month in which the Participant would have reached his or her Normal Retirement Date. Thereafter, there shall be paid to his or her surviving spouse, if any, the Surviving Spouse Pension.

(c) **Cessation of Disability Pension.** A Disability Pension shall cease as of: (i) the Participant's Normal Retirement Date at which time his or her Normal Retirement Pension shall be payable to the Participant under Section 6.2(a); (ii) the Participant's Annuity Starting Date of an Early Retirement Pension described in Section 6.2(b); (iii) the Participant's death or, if later, at such time as described in paragraph (b)(ii) above and thereafter shall be paid to his or her surviving spouse, if any, the Surviving Spouse Pension described in Article VII; or (iv) the first day of the month during which a Participant is

reemployed by the University, engages in any substantial gainful activity other than activity found by the Administrator to be for the primary purpose of rehabilitation or to be otherwise compatible with a finding of Disability, refuses an offer of reemployment by the University made after a finding by the Administrator, on the basis of a medical examination by a physician designated by the Administrator, that he or she is able to engage in regular employment with the University or refuses to undergo any medical examination requested by the Administrator.

(d) Effect on Normal Retirement Pension. Upon the Participant's Normal Retirement Date, his or her Disability Pension shall be payable as a Normal Retirement Pension as described in Section 6.2(a). Such Normal Retirement Pension shall be paid under the required form of payment as provided in Section 6.4(a), unless the Participant elects an optional form of payment under Section 6.4(b), and shall otherwise be paid under this Article. A Participant's rights with respect to his or her Accrued Benefit shall be unaffected by his or her receipt of a Disability Pension and the monthly amount of the Pension payable to him or her under this Article shall be determined without regard to his or her receipt of a Disability Pension under this Section.

6.8 Lapsed Benefits. If a Vested Participant fails to file a claim for his or her Pension on or after his or her Normal Retirement Date and, after reasonable efforts by the Administrator or his or her delegate, the Participant cannot be located, the Participant shall be presumed dead and his or her Pension forfeited or, if the Participant was married based on records maintained by the University, a Surviving Spouse Pension shall be paid to the Participant's surviving spouse. If, after reasonable efforts by the Administrator or his or her delegate, such surviving spouse cannot be located, then the surviving spouse shall be presumed to have predeceased the Participant. Notwithstanding the foregoing:

(a) If, after such a forfeiture, the Participant shall claim the forfeited Pension or a surviving spouse shall claim the Surviving Spouse Pension (a "claimant"), the amount forfeited shall be reinstated and paid to the claimant as soon as practical following the claimant's production of reasonable proof of his or her identity and entitlement to the benefit (determined pursuant to the Plan's claims review procedures under Article IX).

(b) For purposes of this Section, the Administrator or his or her delegate may use any reasonable measures to locate a Participant or his or her surviving spouse, including using certified mail, governmental letter-forwarding services, internet search tools or commercial locator services, and may consider the cost of the measures relative to the benefit when determining which measures to use.

6.9 Use of Annuity Contracts to Provide Pensions. Pensions payable under the Plan shall be made by the Plan Trustee in accordance with the terms and conditions of the Plan. Notwithstanding the foregoing, however, the Board of Trustees may direct the Plan Trustee to purchase annuity contracts from such insurance company or companies as may be approved by the Board of Trustees. Such annuity contract may either be held by the Plan Trustee as owner or may be a non-transferable annuity contract that is distributed to the Participant or his or her spouse in complete satisfaction of the Pension payable under the Plan and full discharge of all liability of the University, Trust Fund, Plan Trustee(s), Board of Trustees and Administrator hereunder. Any

annuity contract purchased under this Section must comply with all applicable Code Sections (and the Treasury Regulations issued thereunder), including Code Sections 401(a)(11), 417 and 401(a)(9).

ARTICLE VII
SURVIVING SPOUSE PENSION

7.1 **General Provisions.** If a Vested Participant dies before his or her Pension commences under Article VI, a “Surviving Spouse Pension” under Section 7.2 shall be payable to his or her surviving spouse in accordance with this Article. If a Vested Participant dies after the commencement of his or her Pension, this Article shall not apply and survivor benefits, if any, shall be determined under the form of payment elected by the Participant during his or her lifetime. A Surviving Spouse Pension shall not be payable to a surviving spouse of a Non-Vested Participant. For purposes of this Article, any references to “Participant” mean a Vested Participant under the Plan.

7.2 **Surviving Spouse Pension.** Subject to Section 6.3, the Surviving Spouse Pension shall be determined and payable as follows:

(a) **Death On or After Age 55.** If the Participant dies on or after attaining age 55, the Surviving Spouse Pension shall be equal to the monthly amount that would have been payable to the surviving spouse if the Participant (i) incurred a Severance on the date of his or her death (or, if earlier, the date of his or her actual Severance); (ii) commenced his or her Pension in the form of a 50% joint and survivor annuity with his or her spouse as co-annuitant on the first day of the month coincident with or next following the day of his or her death; and (iii) died on the following day thereafter. The surviving spouse may elect, subject to Section 7.3(a), to commence a Surviving Spouse Pension that begins as early as the first day of the month following the Participant’s death but no later than the Participant’s Normal Retirement Date, and ends on the first day of the month in which the surviving spouse’s death occurs. Notwithstanding the foregoing, if the Actuarial Equivalent of the Surviving Spouse Pension determined on the date of the Participant’s death is less than \$100,000, the surviving spouse may elect that the Surviving Spouse Pension be paid in the form of a single lump sum by waiving the lifetime annuity in accordance with Section 7.3(b).

(b) **Death Before Age 55.** If the Participant dies before attaining age 55, the Surviving Spouse Pension shall be equal to the monthly amount that would have been payable to the surviving spouse if the Participant (i) incurred a Severance on the date of his or her death (or, if earlier, the date of his or her actual Severance); (ii) survived until he or she attained age 55; (iii) commenced his or her Pension in the form of a 50% joint and survivor annuity with his or her spouse as co-annuitant on the first day of the month coincident with or next following the day the Participant would have attained age 55; and (iv) died on the following day thereafter.

(i) If the Actuarial Equivalent of the Surviving Spouse Pension as determined on the date of the Participant’s death is less than \$100,000, then the surviving spouse may elect, subject to Section 7.3(a), to commence a Surviving Spouse Pension that begins as early as the first day of the month following the Participant’s death but no later than the Participant’s Normal Retirement Date, and ends on the first day of the month in which the surviving spouse’s death occurs.

(ii) If the Actuarial Equivalent of the Surviving Spouse Pension determined on the date of the Participant's death is \$100,000 or more, then a surviving spouse may elect, subject to Section 7.3(a), to commence a Surviving Spouse Pension that begins as early as the first day of the month coincident with or following the day the Participant would have attained age 55 but no later than the Participant's Normal Retirement Date, and ends on the first day of the month in which the surviving spouse's death occurs.

(iii) If a Surviving Spouse Pension is paid before the date the Participant would have attained age 55, the Surviving Spouse Pension shall be the Actuarial Equivalent of the Surviving Spouse Pension that would otherwise be payable on the first day of the month coincident with or next following the day the Participant would have attained age 55.

(iv) Notwithstanding the foregoing, if the Actuarial Equivalent of a Surviving Spouse Pension is less than \$100,000, a surviving spouse may elect that the Surviving Spouse Pension be paid in the form of a single lump sum by waiving the lifetime annuity in accordance with Section 7.3(b).

7.3 **Qualified Election.** Subject to Section 6.3, a surviving spouse must consent to the payment or commencement of the Surviving Spouse Pension before the Participant's Normal Retirement Date and, if the Actuarial Equivalent of the Surviving Spouse Pension is less than \$100,000, may elect that the Surviving Spouse Pension be paid in the form of a single lump sum by waiving the annuity form of payment. For purposes of this Section:

(a) **Consent for Early Payment.** The Surviving Spouse Pension shall not be paid or commenced before the Participant's Normal Retirement Date unless the surviving spouse consents to receive payment before such date in such form and in such manner comparable to that required under Section 6.6(a).

(b) **Waiver of the Annuity Form of Payment.** A Surviving Spouse Pension shall not be paid in a single lump sum unless the surviving spouse waives the annuity form of payment of the Surviving Spouse Pension in such form and in such manner comparable to that required under Section 6.6(b). If a surviving spouse elects a single lump sum by waiving the annuity form of payment hereunder, such lump sum shall be paid as soon as administratively practicable following the Administrator's receipt of the surviving spouse's election and waiver.

7.4 **Direct Rollover by Surviving Spouse.** If the Surviving Spouse Pension is paid in a single lump sum (other than the amount that is a minimum required distribution under Code Section 401(a)(9)), the surviving spouse may elect that all or part of such lump sum be paid as an Eligible Rollover Distribution to an Eligible Retirement Plan.

7.5 **Minimum Required Distributions.** Notwithstanding anything in the Plan to the contrary, the distribution of benefits under the Plan shall be made in accordance with Code Section 401(a)(9) and the final Treasury Regulations thereunder and the provisions of Article VIII shall override any distribution option in the Plan inconsistent with Code Section 401(a)(9).

7.6 **Survivor Benefits Before October 1, 1998.** For Participants who died before October 1, 1998, any survivor benefits shall be determined under the provisions of the Plan then in effect. For Participants who died before completing an Hour of Employment on or after August 23, 1984, any survivor benefits shall be determined under the provisions of the Plan then in effect.

7.7 **Proof of Death.** The Administrator may require and rely upon such proof of death and such evidence of the right of any surviving spouse to receive the Surviving Spouse Pension as the Administrator may deem proper and its determination of death and of the right of that spouse to receive payment shall be conclusive.

ARTICLE VIII
MINIMUM REQUIRED DISTRIBUTIONS

8.1 **General.** Notwithstanding anything in the Plan to the contrary, for purposes of determining minimum required distributions under the Plan for Distribution Calendar Years beginning with the 2003 calendar year, minimum required distributions shall be made in accordance with this Article and shall otherwise comply with Code Section 401(a)(9) and Treasury Regulations issued thereunder on June 15, 2004, the provisions of which are incorporated herein by this reference.

8.2 **Time and Manner of Distribution.**

(a) **Required Beginning Date.** The vested portion of a Participant's benefits shall be distributed, or begin to be distributed, to the Participant no later than the Participant's Required Beginning Date.

(b) **Death of Participant Before Distributions Begin.** If a Participant dies before distributions begin, the vested portion of the Participant's benefits shall be distributed, or begin to be distributed, no later than as follows:

(i) If the Participant's surviving spouse is the Participant's sole Designated Beneficiary, then, except as provided in Section 8.4, distributions to the surviving spouse shall begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age 72 (age 70½ for Participants who attained age 70½ before January 1, 2020), if later.

(ii) If the Participant's surviving spouse is not the Participant's sole Designated Beneficiary, then, except as provided in Section 8.4, distributions to the Designated Beneficiary shall begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.

(iii) If there is no Designated Beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest shall be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(iv) If the Participant's surviving spouse is the Participant's sole Designated Beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse begin, this paragraph (b), other than subparagraph (i) above, shall apply as if the surviving spouse were the Participant.

For purposes of this paragraph (b) and Section 8.3(c), unless subparagraph (iv) above applies, distributions are considered to begin on the Participant's Required Beginning Date. If subparagraph (iv) above applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under subparagraph (i). If, before the Participant's Required Beginning Date, distributions under an annuity purchased from an insurance company irrevocably commence to the Participant

(or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under subparagraph (i)), the date distributions are considered to begin is the date distributions actually commence.

8.3 **Minimum Required Distributions.** Unless the Participant's benefits are distributed in a single sum or in the form of an annuity purchased from an insurance company on or before the Required Beginning Date, distributions under the Plan shall be made in accordance with this Section as of the first Distribution Calendar Year. If the Participant's interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder shall be made in accordance with the requirements of Code Section 401(a)(9) and the Treasury Regulations.

(a) **Determination of Amount to be Distributed Each Year.**

(i) **General Annuity Requirements.** If a Participant's benefit is paid in the form of an annuity, payments under the annuity shall satisfy the following requirements:

(1) The annuity distributions shall be paid in periodic payments made at intervals not longer than one year;

(2) The distribution period shall be over a life (or lives) or over a period certain not longer than the period described in paragraph (b) or (c); and

(3) Payments shall either be nonincreasing or increase only as permitted under Treasury Regulation Section 1.401(a)(9)-6, Q&A-14.

(ii) **Amount Required to be Distributed by Required Beginning Date.** The amount that must be distributed on or before the Participant's Required Beginning Date (or, if the Participant dies before distributions begin, the date distributions are required to begin under Section 8.2(b)(i) or (ii)) is the payment that is required for one payment interval. The second payment need not be made until the end of the next payment interval even if that payment interval ends in the next calendar year. Payment intervals are the periods for which payments are received, e.g., bi-monthly, monthly, semi-annually or annually. All of the Participant's benefit accruals as of the last day of the first Distribution Calendar Year shall be included in the calculation of the amount of the annuity payments for payment intervals ending on or after the Participant's Required Beginning Date.

(iii) **Additional Accruals After First Distribution Calendar Year.** Any additional benefits accruing to the Participant in a calendar year after the first Distribution Calendar Year shall be distributed beginning with the first payment interval ending in the calendar year immediately following the calendar year in which such amount accrues.

(b) Requirement for Joint Life Annuities that Commence During Participant's Lifetime Where the Co-Annuitant is Not the Participant's Spouse. If the Participant's benefit is being distributed in the form of a survivor annuity for the joint lives of the Participant and a non-spouse co-annuitant, annuity payments to be made on or after the Participant's Required Beginning Date to such co-annuitant after the Participant's death must not at any time exceed the applicable percentage of the annuity payment for such period that would have been payable to the Participant using the table under Treasury Regulation Section 1.401(a)(9)-6, Q&A-2. The applicable percentage is based on the adjusted Participant/co-annuitant age difference. The adjusted Participant/co-annuitant age difference is determined by first calculating the excess of the age of the Participant over the age of the co-annuitant based on their ages on their birthdays in a calendar year. If the Participant is younger than age 70, the age difference determined in the previous sentence is reduced by the number of years that the Participant is younger than age 70 on the Participant's birthday in the calendar year that contains the Annuity Starting Date. In the case of an annuity that provides for increasing payments, the requirement of this paragraph (b) will not be violated merely because benefit payments to the co-annuitant increase, provided the increase is determined in the same manner for the Participant and the co-annuitant.

(c) Requirements for Minimum Distributions Where Participant Dies Before Date Distributions Begin.

(i) Participant Survived By Designated Beneficiary. Except as provided in Section 8.4, if the Participant dies before the date distribution of his or her benefit begins and there is a Designated Beneficiary, the Participant's benefit shall be distributed, beginning no later than the time described in Section 8.2(b)(i) or (b)(ii), over the life of the Designated Beneficiary or over a period certain not exceeding:

(1) Unless the Annuity Starting Date is before the first Distribution Calendar Year, the Life Expectancy of the Designated Beneficiary determined using the Designated Beneficiary's age as of the Designated Beneficiary's birthday in the calendar year immediately following the calendar year of the Participant's death; or

(2) If the Annuity Starting Date is before the first Distribution Calendar Year, the Life Expectancy of the Designated Beneficiary determined using the Designated Beneficiary's age as of the Designated Beneficiary's birthday in the calendar year that contains the Annuity Starting Date.

(ii) No Designated Beneficiary. If the Participant dies before the date distributions begin and there is no Designated Beneficiary as of September 30 of the year following the year of the Participant's death, distribution of the Participant's entire vested benefit shall be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.

(iii) Death of Surviving Spouse Before Distributions to Surviving Spouse Begin. If the Participant dies before the date distribution of his or her vested benefit begins, the Participant's surviving spouse is the Participant's sole Designated Beneficiary and the surviving spouse dies before distributions to the surviving spouse begin, this paragraph (c) shall apply as if the surviving spouse were the Participant, except that the time by which distributions must begin will be determined without regard to Section 8.2(b)(i).

(d) Minimum Required Distributions Made or Commencing Before January 1, 2003. Notwithstanding anything in the Plan to the contrary, the distribution of benefits under the Plan shall be made in accordance with Code Section 401(a)(9) and the Treasury Regulations issued thereunder and then in effect, including the minimum distribution incidental benefit requirement of Treasury Regulation Section 1.401(a)(9)-2.

8.4 Elections.

(a) Election to Apply 5-Year Rule to Distributions to Designated Beneficiaries. If the Participant dies before distributions begin and there is a Designated Beneficiary, distribution to the Designated Beneficiary is not required to begin by the date specified in Section 8.2(b), but the Participant's entire vested interest in the Plan shall be distributed to the Designated Beneficiary by December 31 of the calendar year containing the fifth anniversary of the Participant's death. Participants or Designated Beneficiaries may elect on an individual basis whether the 5-year rule or the life expectancy rule in Section 8.3(c) applies to distributions after the death of a Participant who has a Designated Beneficiary. The election must be made no later than the earlier of September 30 of the calendar year in which distribution would be required to begin under Section 8.2(b), or by September 30 of the calendar year which contains the fifth anniversary of the Participant's (or, if applicable, surviving spouse's) death. If neither the Participant nor Designated Beneficiary makes an election under this paragraph, distributions shall be made in accordance with Section 8.3(c). If the Participant's surviving spouse is the Participant's sole Designated Beneficiary and the surviving spouse dies after the Participant but before distributions to either the Participant or the surviving spouse begin, this election shall apply as if the surviving spouse were the Participant.

(b) Election Under TEFRA Section 242(b)(2). Notwithstanding any provision in this Article to the contrary, distributions under the Plan may be made under a designation made before January 1, 1984, in accordance with Section 242(b)(2) of the Tax Equity and Fiscal Responsibility Act (TEFRA).

8.5 **Definitions.** For purposes of this Article, the following definitions shall apply:

(a) “Designated Beneficiary” means the individual who is the Designated Beneficiary under Code Section 401(a)(9) and Treasury Regulation Section 1.401(a)(9)-1, Q&A-4.

(b) “Distribution Calendar Year” means a calendar year for which a minimum distribution is required. For distributions beginning before the Participant’s death, the first Distribution Calendar Year is the calendar year immediately preceding the calendar year that contains the Participant’s Required Beginning Date. For distributions beginning after the Participant’s death, the first Distribution Calendar Year is the calendar year in which distributions are required to begin under Section 8.2(b).

(c) “Life Expectancy” means life expectancy as computed by use of the Single Life Table in Treasury Regulation Section 1.401(a)(9)-9.

(d) “Required Beginning Date” means April 1 of the calendar year following the calendar year in which the Participant attains age 72 (age 70½ for Participants who attained age 70½ before January 1, 2020) or, if later, April 1 of the calendar year following the calendar year in which the Participant incurs a Severance. Notwithstanding the foregoing, in the case of Participant who attained age 70½ on or after January 1, 1988 and during a Plan Year beginning before January 1, 1997, “Required Beginning Date” means April 1 of the calendar year following the calendar year in which the Participant attained age 70½.

ARTICLE IX
ADMINISTRATION

9.1 **The Administrator.** The Administrator of the Plan shall be the person from time to time holding the office of Vice President for Human Resources or holding such office at the University that shall assume the functions and responsibilities of the Vice President for Human Resources. The Administrator may delegate its authority to perform any act under the Plan, including without limitation, those matters involving the exercise of discretion. The Administrator shall be responsible for the implementation and general administration of the Plan and shall have all the powers necessary to carry out such responsibility including, without limitation, the following powers:

(a) To determine all questions involving the construction and interpretation of the terms of the Plan (including any uncertain terms);

(b) To resolve all questions regarding the administration of the Plan, including all questions concerning eligibility to participate in the Plan, as he or she deems necessary to carry out the terms of the Plan and to establish uniform and nondiscriminatory administrative rules and procedures for the Plan;

(c) To maintain all necessary records for the administration of the Plan other than those maintained by other employees of the University and to prepare, and file or distribute, such reports and descriptive information concerning the Plan as shall be required by ERISA;

(d) To give such instructions and notices, provide such information and make such certifications to the Plan Trustees as shall be necessary or appropriate in the administration of the Plan;

(e) To approve, from time to time, the list of individuals or entities authorized to carry out administrative procedures established by the Administrator and to perform administrative functions requested by the Administrator and to monitor, from time to time, the effectiveness of established general administrative procedures and the effectiveness of those authorized to carry out plan administration to ensure that they are performing the requested administrative functions as directed by the Administrator and in accordance with Plan provisions;

(f) To review and approve contracts or other documents that relate to the administration of the Plan and to execute such contracts or other documents (or authorize the execution of such contracts or other documents) on behalf of the University or the Plan;

(g) To appoint, employ or change, when appropriate, accounting, clerical or other consultants to assist in carrying out the administration of the Plan;

(h) To correct any defect, supply any omission or reconcile any inconsistency in such manner and to such extent as he or she deems necessary or advisable to carry out the purpose of the Plan; and

(i) To review and dispose of all claims for benefits under the Plan in a manner consistent with Section 9.10(b).

The Administrator shall have no power to add to, subtract from or modify any of the terms of the Plan, to change or add to any benefits provided by the Plan or to waive or fail to apply any requirements of eligibility under the Plan. In carrying out its duties under the Plan, and subject only to the claims procedures under Section 9.10, the Administrator shall have sole and exclusive authority and discretion to carry out all of the administrative duties described in this Section, and benefits under this Plan shall be paid only if and to the extent that the Administrator decides in its sole and complete discretion that the applicant or claimant is entitled to such benefits.

Any action taken or any determination made in good faith by the Administrator in the exercise of authority conferred upon him or her by the Plan shall be final, conclusive and binding upon all parties, the University, the Participants and all other persons concerned. Any determination made by the Administrator shall be given deference, if it is subject to judicial review, and shall be overturned only if it is arbitrary or capricious.

9.2 **Plan Committees.** The University, by action of its Board of Trustees, has established the following committees (referred to in this Article as the “Committee” or “Committees,” respectively) for the proper administration of the Plan:

(a) The Retirement Committee shall have authority to decide appeals of any claim denial under Section 9.10(c).

(b) The Pension Committee shall have all discretionary authority and powers necessary to control and manage the assets of the Plan, including, without limitation, the discretionary authority and power to carry out its duties and responsibilities as set forth in the Plan or in its charter. The Pension Committee shall also be the “named fiduciary” with respect to the control or management of the assets of the Plan within the meaning of ERISA Section 402(a)(2). In carrying out its investment duties under the Plan, the Pension Committee shall have sole and exclusive authority and discretion to carry out all of the investment duties described in this Section.

A member of either Committee may resign by delivering a written notice of resignation to the President of the University, and such resignation shall be effective on the date specified in such notice. By resolution duly adopted and recorded in the minutes of its proceedings, the Board of Trustees may remove any member of either Committee, effective on the date specified in such resolution. Vacancies occurring on either Committee may be filled by the Board of Trustees.

9.3 **Committee Action.** Each Committee shall appoint one of its members as its chairperson and shall appoint one of its members or another employee of the University to serve as its secretary (the “Secretary”), to record its proceedings and to maintain a file of all records and documents pertaining to matters submitted to or considered by the Committee. Each Committee shall meet upon the call of its chairperson and at such other times as the Committee may designate. Any action of each Committee shall be pursuant to a majority vote taken at a meeting, or pursuant to the written consent of a majority of its members without a meeting, and such action shall constitute the action of the Committee and be binding in the same manner as if all members of the

Committee had joined therein. The Administrator and any other person dealing with a Committee may conclusively rely upon any certificate or other written instrument signed by its Secretary or any two or more other members of the Committee which purports to have been duly authorized by the Committee. A majority of the members of each Committee shall constitute a quorum. Any action taken or any determination made in good faith by the Retirement Committee or the Pension Committee in the exercise of authority conferred upon it by the Plan or the Board of Trustees shall be final, conclusive and binding upon all parties, the University, the Participants and all other persons concerned. Any exercise of discretionary authority by the Retirement Committee or the Pension Committee shall be given deference, if it is subject to judicial review, and shall be overturned only if it is arbitrary or capricious.

9.4 **Fiduciary Duties.** Each Fiduciary shall perform its duties under the Plan and the Trust Agreement:

- (a) Solely in the interest of Participants and their surviving spouses;
- (b) For the exclusive purpose of providing benefits to Participants (and their surviving spouses) and defraying reasonable expenses of the Plan and Trust Agreement; and
- (c) With the care, skill, prudence and diligence under the circumstances then prevailing that a prudent man acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of like character and with like aims.

9.5 **Liability for Breach of Duty by Others.** Except as otherwise provided in ERISA Section 405(a):

- (a) Neither the Administrator nor any member of the Committees shall be answerable or accountable for any act, default, neglect or misconduct of any delegate or of any other person transacting business with the Administrator and/or Committees if such person is selected by the Administrator and/or Committees consistent with its fiduciary duties and responsibilities under ERISA.
- (b) No auditor, accountant or legal counsel retained by the Administrator and/or Committees or any person engaged by the Administrator and/or Committees shall be answerable or accountable under any circumstances whatever except for the breach of responsibilities, obligations or duties specifically imposed upon and allocated to him or her by the Administrator and/or Committees.

9.6 **Information From Participant.** The Administrator may require a Participant to complete and file with the Administrator forms approved by the Administrator, and to furnish all pertinent information requested by the Administrator. The Administrator may rely upon all such information so furnished, including the Participant's current mailing address. Each Participant shall bear the burden of keeping his or her post office address and marital status current with the Administrator.

9.7 **Notification of Participant's Address.** Each Participant, former Participant, surviving spouse and Alternate Payee entitled to benefits under the Plan shall bear the burden of filing with the Administrator or such other person designated by the Administrator, in writing, his or her post office address and each change of post office address. Any communication, statement or notice addressed to such a person at this latest post office address as filed with the Administrator, or its delegate, shall, on deposit in the United States mail with postage prepaid, be binding upon such person for all purposes of the Plan, and the Administrator shall not be obliged to search for, or ascertain the whereabouts of, any such person.

9.8 **Indemnification of Committees and Administrator.** Members of the Board of Trustees, the Committees, the Administrator, the Plan Trustee and any employee of the University who is a Fiduciary within the meaning of ERISA Section 3(21)(A), or who acts at the direction of a Fiduciary, shall be indemnified by the University against any and all liabilities arising by reason of any act or failure to act made in good faith pursuant to the provisions of the Plan, including expenses reasonably incurred in the defense of any claim relating thereto. Any indemnification under this Section is expressly conditioned on the indemnified person turning over to the University the complete defense of the claim. The University shall direct any such defense in its discretion, including the terms of any claim settlement, and no settlement entered into by the indemnified person shall be indemnified under this Section unless the settlement was entered into with the express written consent of the University. Any individual seeking indemnification under this Section shall provide all relevant documents and complete cooperation to the University in connection with the University's defense of the claim.

9.9 **Action Taken in Good Faith.** To the extent permitted by ERISA, the Administrator and the members of the Committees and each employee, officer and director of the University who are Fiduciaries with respect to the Plan shall be entitled to rely on, and be fully protected with respect to any action taken or suffered by them in good faith in reliance on all tables, valuations, certificates, reports and opinions furnished by any accountant or attorney at any time hereunder.

9.10 **Claims Procedure.** A Participant, surviving spouse, or in either case, his or her authorized representative (the "Claimant") shall file a claim for benefits or claim for a Disability Pension ("Disability Pension Claim") under procedures established by the Administrator and the Retirement Committee, as applicable. The Claimant shall bear the burden of proving his or her claim by submitting such documents, records or other proof as the Administrator or the Retirement Committee, as applicable, in its sole discretion, deems necessary to support the claim. The Administrator or the Retirement Committee, as applicable, shall consider all supporting documentation and other information submitted by the Claimant. Benefits under the Plan shall be paid only to the extent that the Administrator or the Retirement Committee, as applicable, determines in its sole discretion that the Claimant is entitled to them. The specific procedures for claim denials and seeking review of a denial or partial denial of a claim for benefits are described in this Section.

(a) **In General.** Any Claimant who wishes to bring a civil action in connection with a claim for benefits under the Plan must first complete each step of the claims procedures set forth in this Section. In addition, and subject to Section 9.11, any Claimant who is not included in a unit of Employees covered by a negotiated collective bargaining

agreement and who wishes to bring a civil action after having exhausted the claims procedures under this Section must bring such civil action within six months after the Claimant's receipt of an adverse benefit determination under paragraph (c)(iv) below. Subject to Section 9.11, any Claimant who is not included in a unit of Employees covered by a negotiated collective bargaining agreement and who fails to file such civil action within six months after receipt of an adverse benefit determination under paragraph (c)(iv) below shall be barred from filing such an action at any later date.

(b) Claim For Benefits. A Claimant may file a claim for benefits under the Plan in writing with the Administrator on such form as he or she shall prescribe and make available upon request, and the Administrator shall process it and approve or disapprove of it in accordance with this paragraph (b). The Administrator shall furnish the Claimant with notice of his or her decision with respect to a claim within 90 days (45 days in the case of a Disability Pension Claim) following receipt by the Administrator of a claim and all necessary documents and information. The 90-day period (45-day period in the case of a Disability Pension Claim) may be extended should special circumstances require an extension of time for processing the claim. In the case of a claim other than a Disability Pension Claim, the 90-day period may be extended up to an additional 90 days. In the case of a Disability Pension Claim, the 45-day period may be extended up to an additional 30 days and the first 30-day extension period may be extended for up to an additional 30 days beyond the original extension (for a total of 105 days). The Administrator shall furnish the Claimant with written or electronic notice of the extension before the expiration of the initial period or extension period. The notice shall indicate the special circumstances requiring an extension of time and the date by which a final decision is expected to be rendered. In the event a claim is denied, in whole or in part, the denial shall be stated in writing and hand-delivered, mailed or sent electronically to the Claimant. Such notice shall:

- (i) Be written in a manner that may be understood by the Claimant;
- (ii) In the case of a Disability Pension Claim, be written in a culturally and linguistically appropriate manner;
- (iii) Set forth the specific reasons for the denial;
- (iv) Set out the specific references to the pertinent Plan provisions upon which the Plan adverse determination is based;
- (v) Include a description of any additional material or information necessary for the Claimant to perfect the claim and an explanation of why such material or information is necessary;
- (vi) Include a statement that the Claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Claimant's claim;

(vii) In the case of a Disability Pension Claim, if an internal rule, guideline, protocol, standard or similar criterion was relied upon in making the decision, the notice shall include either the specific rule, guideline, protocol, standard or other similar criterion; or include a statement that such rule, guideline, protocol, standard or other similar criterion was relied upon in making the adverse determination and that a copy shall be provided free of charge upon request;

(viii) In the case of a Disability Pension Claim, if the decision was based on medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgement for the determination, applying the Plan's terms to the medical circumstances, or a statement that such an explanation shall be provided free of charge upon request;

(ix) In the case of a Disability Pension Claim, a discussion of the adverse benefit determination including an explanation of the basis for disagreeing with or not following: (A) the views presented to the Plan of health care professionals treating the Claimant or vocational professionals who evaluated the Claimant; (B) the views of the medical or vocational experts whose advice was obtained on behalf of the Plan, without regard to whether the advice was relied upon in making the adverse benefit determination; and (C) a Social Security Administration disability determination presented by the Claimant to the Plan; and

(x) Include an explanation of the Plan's review procedure and the time limits applicable to such review procedure, including a statement of the Claimant's right to bring civil action under ERISA Section 502(a) following an adverse benefit determination upon appeal.

(c) Appeal of Claim Denial. Any Claimant whose claim filed under paragraph (b) above has been denied in whole or in part by the Administrator may request the Retirement Committee to review his or her claim. Such Claimant must exhaust the Plan's claim reviews procedures as set forth in this Section before seeking any other form of relief. The Claimant shall file a request for review by the Retirement Committee under procedures established by the Retirement Committee subject to the following.

(i) A Claimant who wishes to use the Plan's claim appeal procedure shall, within 60 days (180 days in the case of a Disability Pension Claim) of receiving the Administrator's notice of denial (or such later date as may be approved by the Retirement Committee taking into account the nature of the benefit subject to the claim, and other attendant circumstances), notify the Retirement Committee in writing that he or she wishes to appeal the claim denial and have the Retirement Committee conduct a full and fair review of the adverse benefit determination. In connection with a claim denial, the Claimant may review all relevant documents relating to his or her claim and submit issues and comments in writing to the Retirement Committee. Upon request, the Claimant shall be provided, free of charge, reasonable access to, and copies of, all documents, records and other information relating to his or her claim for benefits. In the case of a

Disability Pension Claim, the Claimant is required to automatically receive (free of charge):

(1) Reasonable access to, and copies of, all documents, records and other information relevant to the claim; and

(2) As soon as possible and sufficiently in advance of the date on which a notice of adverse benefit determination on review is required to be provided, any new or additional evidence considered, relied upon or generated in connection with the Claimant's claim and any new or additional rationales forming the basis of the Plan's determination of the Claimant's claim.

(ii) The Retirement Committee shall conduct a full and fair review of the claim taking into account all claim related comments, documents, records and other information submitted by the Claimant without regard to whether such information was submitted or considered under the initial determination. In the case of a Disability Pension Claim, if the initial determination was based in whole or in part on a medical judgment, the review will be done in consultation with a healthcare professional who has appropriate training and experience in the relevant field of medicine, who was not consulted in connection with the previous notice of denial and who is not that person's subordinate. By filing a request for review, the Claimant shall be deemed to consent to such consultation and the sharing of pertinent medical claim information. If a medical or vocational expert is contacted in connection with a review, the Claimant shall have the right to learn the identity of such person.

(iii) The Retirement Committee shall furnish the Claimant notice of its decision with respect to a claim within 60 days (45 days in the case of a Disability Pension Claim) following receipt by the Retirement Committee of a request for review and all necessary documents and information. The 60-day period (45-day period in the case of a Disability Pension Claim) may be extended up to an additional 60 days (45 days in the case of a Disability Pension Claim) should special circumstances require an extension of time for processing the claim. The Retirement Committee shall furnish the Claimant with written or electronic notice of the extension before the expiration of the initial period. The notice shall indicate the special circumstances requiring an extension of time and the date by which a final decision is expected to be rendered.

(iv) If the Retirement Committee makes an adverse determination, the determination notice shall be stated in writing and hand-delivered, mailed or sent electronically to the Claimant. Further, the notice shall:

(1) Be written in a manner that may be understood by the Claimant;

(2) In the case of a Disability Pension Claim, be written in a culturally and linguistically appropriate manner;

(3) Set forth the specific reasons for the denial;

(4) Set out the specific references to the pertinent Plan provisions upon which the Plan adverse determination is based;

(5) Include a statement that the Claimant is entitled to receive upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the Claimant's claim for benefits;

(6) In the case of a Disability Pension Claim, if an internal rule, guideline, protocol, standard or similar criterion was relied upon in making the decision, the notice shall include either the specific rule, guideline, protocol, standard or other similar criterion, or include a statement that such rule, guideline, protocol, standard or other similar criterion was relied upon in making the adverse benefit determination and that a copy shall be provided free of charge;

(7) In the case of a Disability Pension Claim, if the decision was based on medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the Plan's terms to the medical circumstances, or a statement that such an explanation shall be provided free of charge upon request;

(8) In the case of a Disability Pension Claim, a discussion of the adverse benefit determination including an explanation of the basis for disagreeing with or not following: (A) the views presented to the Plan of health care professionals treating the Claimant or vocational professionals who evaluated the Claimant; (B) the views of the medical or vocational experts whose advice was obtained on behalf of the Plan, without regard to whether the advice was relied upon in making the adverse benefit determination; and (C) a Social Security Administration disability determination presented by the Claimant to the Plan;

(9) Contain a statement of the Claimant's right to bring civil action under ERISA Section 502(a) following a denial upon appeal; and

(10) In the case of a Disability Pension Claim, contain a description of any applicable Plan-imposed limitations period, including the calendar date when the limitations period shall expire.

(d) The Administrator may adopt rules for implementing this Section that are consistent with Labor Regulation Section 2560.503-1.

9.11 **Bar on Civil Action.** Subject to Section 9.10, a Participant, surviving spouse or Alternate Payee may not commence a civil action under ERISA Section 502(a)(1) with respect to a benefit under the Plan after the earlier of:

(a) Three years after the occurrence of the facts or circumstances that give rise to, or form the basis for, such action; or

(b) One year from the date a Participant, surviving spouse or Alternate Payee had actual knowledge of the facts or circumstances that give rise to, or form the basis for, such action.

Notwithstanding the foregoing, in the case of fraud or concealment, such action may be commenced not later than three years after the date of discovery of the facts or circumstances that give rise to, or form the basis for, such action.

9.12 **Information.** To enable the Retirement Committee to carry out the reviews provided for in Section 9.10, the University shall make its employment records relating to Participants available for inspection by the Retirement Committee and shall supply to the Retirement Committee such other pertinent information as it shall reasonably request.

9.13 **Compensation.** The members of the Committees may, but need not, be employees of the University and shall serve without compensation for their services hereunder. It is intended that the Committees shall each be furnished with such administrative, professional, clerical and other assistance as is necessary in the performance of its duties.

9.14 **Payment of Expenses.** All expenses of administration for the Plan shall be paid out of its Trust Fund unless the University pays such expenses without expectation of reimbursement by the Plan. Such expenses shall include any expenses incident to the cost of administering the Plan, including, but not limited to, fees of accountants, legal counsel and other specialists and their agents. The University may reimburse the Plan for any administration expense incurred and any administration expense paid to the Plan as a reimbursement shall not be considered an employer contribution.

ARTICLE X
FUNDING OF BENEFITS

10.1 **Funding Policy and Method.** The Pension Committee shall establish a funding policy and method consistent with the objectives of the Plan and the requirements of ERISA. No contributions by any Participant shall be required or permitted under the Plan. Any forfeitures arising under the Plan because of Severance before full vesting, or for any other reason, shall be applied to reduce the University's contributions under the Plan and not to increase the benefits any Participant would otherwise receive under the Plan.

10.2 **Plan Funding.**

(a) **Trust Agreement.** The University shall enter into a Trust Agreement, providing for the administration of a Trust Fund by a Plan Trustee, in such form and containing such provisions as the University shall deem appropriate, including, but not limited to, provisions with respect to the powers and authority of a Plan Trustee, the right of the University to replace any one or more of the Plan Trustees and appoint a successor or successors thereto, the authority of the University to amend or terminate the Trust Agreement and, to the extent permitted by ERISA, to settle the accounts of a Plan Trustee on behalf of all persons having an interest in the Trust Fund, and a provision that it shall be impossible at any time before the satisfaction of all liabilities under the Plan with respect to Participants or their surviving spouses for any part of the corpus or income of the Trust Fund to be used for or diverted to purposes other than for the exclusive benefit of Participants and their surviving spouses. Any Trust Agreement shall be a part of the Plan, and the rights and duties of any person under the Plan shall be subject to all applicable terms and provisions of the Trust Agreement.

(b) **Contributions.** Benefits under the Plan shall be funded by contributions made by the University in such amounts as actuarially determined to be sufficient to provide the benefits under the Plan; and at such times as shall be required by the funding policy and method established under Section 10.1 and as shall be in accordance with the rules promulgated by the Plan Trustee in effectuation of such funding policy and method. All such contributions shall be paid to the Plan Trustees, to be held and administered in trust in accordance with the terms and provisions of the Trust Agreement. As provided in the Trust Agreement, the Plan Trustee will, directly or through one or more duly appointed agents, make disbursements from the Trust Fund, pursuant to instructions of the Administrator, in payment of benefits due under the Plan.

10.3 **Management and Control of Assets.** All assets of the Plan shall be held for the exclusive purposes of providing benefits to Participants (and their surviving spouses) and defraying reasonable expenses of administering the Plan, and no assets of the Plan shall inure to the benefit of the University before the satisfaction of all liabilities under the Plan with respect to Participants (and their surviving spouses), provided, however, that any contribution made by the University by a mistake of fact may be returned to the University within one year after the payment of such contribution. Any Trust Agreement shall require a Plan Trustee to manage and control the Trust Fund in accordance with the preceding sentence and the provisions of the Trust Agreement.

ARTICLE XI
AMENDMENT AND TERMINATION

11.1 **Authority to Amend or Terminate.** The University intends that the Plan will be permanent. However, the University may amend, suspend or terminate the Plan, in whole or in part, at any time and from time to time, but except as may be required for compliance with ERISA, no such amendment, suspension or termination shall retroactively deprive any Participants or their surviving spouses of any interest under the Plan. If the Plan is amended in any respect, the University shall have no liability or obligation to make any contribution or other payment in respect of any past or future period, except in such manner and amounts as may be specifically provided for in the Plan as so amended or as may be required by ERISA.

11.2 **Limitations on Amendments.** Any retired Participant to whom retirement benefits under the Plan were being paid immediately before the Effective Date, and any person to whom retirement benefits were being paid immediately before January 1, 1976 under a survivorship provision of the Plan, shall continue to receive such payments after January 1, 1976, and the amounts thereof shall not be changed as a result of the Plan amendments put into effect on January 1, 1976. Subject to the terms of the separation agreements referred to in Section 13.12, the rights of any Participant whose employment terminated before January 1, 1976 and who had not begun to receive benefits under the Plan before January 1, 1976 shall, unless he or she is later reemployed, be governed by the Plan provisions, including (without limitation) provisions as to eligibility and vesting and as to the amount and accrual of retirement benefits, in effect on the date his or her employment so terminated, provided, however, that notwithstanding any such prior provisions of the Plan, if any benefits becoming payable to such Participant after January 1, 1976 shall be in the form of an annuity and if he or she has a spouse who is living when payments thereunder commence, such annuity shall be paid in the 50% joint and survivor form prescribed in Section 6.4 with his or her spouse as co-annuitant unless such Participant shall have previously informed the Administrator in writing of his or her election of some other form.

11.3 **Vesting on Termination.** Upon the termination or partial termination of the Plan, the rights of each affected Participant to benefits under the Plan shall be non-forfeitable to the extent then funded.

11.4 **Allocation of Funds on Termination.** In the event of termination of the Plan, the assets of the Plan shall be allocated to provide benefits for Participants and their surviving spouses in accordance with the priorities under ERISA Section 4044 and the Pension Benefit Guaranty Corporation's Regulations thereunder. The benefit of any Highly Compensated Active Employee or Highly Compensated Former Employee (both within the meaning of Code Section 414(q)) shall be limited to a benefit that is nondiscriminatory under Code Section 401(a)(4), and without limiting the generality of the foregoing, if the Secretary of the Treasury (or his or her delegate) determines that any allocation made under this Section (without regard to this sentence) results in discrimination prohibited by Code Section 401(a)(4), then, if required to prevent the disqualification of the Plan under Code Section 401(a), the assets allocated under ERISA Sections 4044(a)(4)(B), (a)(5) and (a)(6) shall be reallocated to the extent necessary to avoid such discrimination. Effective as of the first day of the sixth Plan Year following the adoption date of this amended and restated Plan, in the event of a termination of the Plan (other than a partial termination), any amount remaining after all fixed and contingent liabilities of the Plan have been

satisfied shall revert to the University notwithstanding any provision in the Plan to the contrary. Except as otherwise required by law, the time and manner of distribution of the assets or the time and manner of any reversion of assets to the University shall be determined by the Board of Trustees by amendment to the Plan.

11.5 **Merger with Other Plans.** The Plan shall not be merged or consolidated with, nor transfer its assets or liabilities to, any other plan unless each Participant would (if the Plan then terminated) receive a benefit immediately after the merger, consolidation or transfer which is equal to or greater than the benefit he or she would have been entitled to receive immediately before the merger, consolidation or transfer (if the Plan had then terminated).

11.6 **Successor University or Corporation.** In the event of the sale, dissolution, merger, consolidation or reorganization of the University, provision may be made by which the Plan will be continued by the successor university or corporation, as applicable; and in that event, such successor shall be substituted for the University under the Plan. The substitution of the successor shall constitute an assumption of Plan liabilities by the successor, and the successor shall have all of the powers, duties and responsibilities of the University under the Plan.

11.7 **Plan Termination.** The Plan is hereby terminated in a standard termination pursuant to ERISA Section 4041(b), intended to be effective as of 11:59:59 p.m. Eastern Time on December 31, 2021, in accordance with the Pension Benefit Guaranty Corporation, Internal Revenue Service and Department of Labor Joint Implementation Guidelines issued on May 23, 1985 and subject to this Article of the Plan. All Participants, surviving spouses and Alternate Payees, as applicable, affected by such termination, as determined under Code Section 411(d)(3) and in accordance with Section 11.3, shall be 100% vested in their Accrued Benefits or death benefits, as applicable, effective as of 11:59:59 p.m. Eastern Time on December 31, 2021.

ARTICLE XII
CERTAIN LIMITATIONS ON CONTRIBUTIONS AND BENEFITS

12.1 **Limitation on Benefits**. Notwithstanding any provision of the Plan to the contrary, retirement benefits payable to a Participant shall not exceed the limitation under Code Section 415(b) and notwithstanding any provision of this Article to the contrary, the limitations, adjustments and other requirements prescribed in this Article shall at all times comply with the provisions of Code Section 415 and the final Treasury Regulations thereunder, the terms of which are specifically incorporated herein by reference. For purposes of this Section:

(a) Benefit increases resulting from the increase in the limitations of Code Section 415(b) after December 31, 2001 shall be provided to any Participant that completes at least one Hour of Employment on or after the first day of the first limitation year ending after December 31, 2001.

(b) If retirement benefits payable to a Participant are paid in the form of a lump sum during a Plan Year beginning after December 31, 2003, the actuarially equivalent straight life annuity (that is used for demonstrating compliance with Code Section 415) shall be determined as follows:

(i) Annuity Starting Date in Plan Years Beginning After 2005. If the Annuity Starting Date of the Participant's form of benefit is in a Plan Year beginning after 2005, the actuarially equivalent straight life annuity is equal to the greatest of (A) the annual amount of the straight life annuity commencing at the same Annuity Starting Date that has the same actuarial present value as the Participant's form of benefit, computed using the interest rate and mortality table (or other tabular factor) specified in the Plan for adjusting benefits in the same form; (B) the annual amount of the straight life annuity commencing at the same Annuity Starting Date that has the same actuarial present value as the Participant's form of benefit, computed using a 5.5% interest rate assumption and the applicable mortality table defined in the Plan; or (C) the annual amount of the straight life annuity commencing at the same Annuity Starting Date that has the same actuarial present value as the Participant's form of benefit, computed using the applicable interest rate and applicable mortality table defined in the Plan, divided by 1.05.

(ii) Annuity Starting Date in Plan Years Beginning in 2004 or 2005. If the Annuity Starting Date of the Participant's form of benefit is in a Plan Year beginning in 2004 or 2005, the actuarially equivalent straight life annuity is equal to the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the Participant's form of benefit, computed using whichever of the following produces the greater annual amount: (A) the interest rate and mortality table (or other tabular factor) specified in the Plan for adjusting benefits in the same form; or (B) a 5.5% interest rate assumption and the applicable mortality table defined in the Plan.

(c) The Limitation Year shall be the Plan Year. For purposes of computing the compensation-based limit of Code Section 415(b)(1)(B), a Participant's high three years shall be based on Plan Years.

12.2 **415 Compensation.** For purposes of the Plan, compensation for Code Section 415 purposes ("415 Compensation") means compensation as described in Treasury Regulation § 1.415(c)-2(b) not to exceed the dollar limit under Code Section 401(a)(17). 415 Compensation shall include (i) amounts includible in the gross income of a Participant under the rules of Code Section 409A or Code Section 457(f)(1)(A) or because the amounts are constructively received by the Participant during Limitation Years beginning on or after July 1, 2007; and (ii) differential wage payments (as defined in Code Section 3401(h)(2)) paid to a Participant on or after January 1, 2009 during qualified military service (as defined in Code Section 414(u)(5)). For Limitation Years beginning on or after July 1, 2007, 415 Compensation shall not include any amounts paid after a Participant's Severance or amounts earned but not paid during the Limitation Year solely because of the timing of pay periods and pay dates. For Limitation Years beginning before July 1, 2007, 415 Compensation means 415 Compensation as defined Treasury Regulation Section 1.415-2(d)(2) as in effect for such Limitation Years.

12.3 **Limitations on Benefits Payable to Highly Compensated Participants.** Notwithstanding any other provisions of the Plan to the contrary, this Section shall apply to any Participant (and the co-annuitant and surviving spouse deriving benefits through such Participant) who is a Highly Compensated Active Employee or Highly Compensated Former Employee (both within the meaning of Code Section 414).

(a) During any Plan Year, the annual benefits paid to a Participant (or to the co-annuitant and surviving spouse of a Participant) who is a Highly Compensated Active Employee or Highly Compensated Former Active Employee and is included in the group consisting of the 25 such persons with the greatest compensation for such Plan Year or any prior Plan Year shall not exceed the annual payments that would be made to the Participant (or to the co-annuitant and surviving spouse) under a single life annuity that is the Actuarial Equivalent of the Participant's Accrued Benefit and other benefits under the Plan (other than a social security supplement), plus the annual social security supplement payments that would be made to the Participant, unless: (i) after the payment of the benefits for such Plan Year to all such Participants (and to their co-annuitants and surviving spouses) the value of the assets of the Plan then held by the Plan Trustees equals or exceeds 110% of the value of the Plan's current liabilities (as defined in Code Section 412(l)(7)); (ii) the value of the benefits to be paid for such Plan Year to such a Participant (or to the Participant's co-annuitant and surviving spouse) will be less than 1% of the value of the Plan's current liabilities; or (iii) the value of the benefits to be paid for such Plan Year to such Participant (or to the Participant's co-annuitant and surviving spouse) does not exceed \$3,500. For purposes of the preceding, a Participant's benefits include periodic income, withdrawal values payable to a living employee and any death benefits not provided for by life insurance.

(b) This Section has been adopted solely to comply with the requirements of Code Section 401(a)(4) and Treasury Regulation Section 1.401(a)(4)-5(b) and this Section of the Plan shall automatically be void and of no force or effect if the requirements of such Regulation are declared no longer to be applicable or there is a judicial determination that the requirements of such Treasury Regulation shall no longer be applicable.

(c) For the Plan Years beginning before January 1, 1998, the provisions of this Section, as in effect immediately before January 1, 1998, shall apply.

12.4 **Benefit Restrictions.** Notwithstanding any other provisions of the Plan, if the Plan's adjusted funding target attainment percentage is less than 80% or if the University is in bankruptcy, the following limitations shall apply:

(a) Limitations Applicable If the Plan's Adjusted Funding Target Attainment Percentage is Less Than 80%, But Not Less Than 60%. If the Plan's adjusted funding target attainment percentage for a Plan Year is less than 80% (or would be less than 80% to the extent described in subparagraph (ii) below) but is not less than 60%, then the limitations set forth in this paragraph (a) shall apply.

(i) 50% Limitation on Single Sum Payments, Other Accelerated Forms of Distribution and Other Prohibited Payments. A Participant or his or her surviving spouse shall not be permitted to elect, and the Plan shall not pay, a single sum payment or other optional form of benefit that includes a prohibited payment with an annuity starting date on or after the applicable Code Section 436 measurement date, and the Plan shall not make any payment for the purchase of an irrevocable commitment from an insurer to pay benefits or any other payment or transfer that is a prohibited payment, unless the present value of the portion of the benefit that is being paid in a prohibited payment does not exceed the lesser of:

(1) 50% of the present value (determined in accordance with Code Section 417(e)(3)) of the benefit payable in the optional form of benefit that includes the prohibited payment; or

(2) 100% of the PBGC maximum benefit guarantee amount (as defined in Treasury Regulation Section 1.436-1(d)(3)(iii)(C)).

The limitation set forth in this subparagraph (i) shall not apply to any payment of a benefit which under Code Section 411(a)(11) may be immediately distributed without the consent of the Participant. If an optional form of benefit that is otherwise available under the terms of the Plan is not available to a Participant or his or her surviving spouse as of the annuity starting date because of the application of the requirements of this subparagraph (i), the Participant or his or her surviving spouse shall be permitted to elect to bifurcate the benefit into unrestricted and restricted portions as described in Treasury Regulation Section 1.436-1(d)(3)(iii)(D). The Participant or his or her surviving spouse may also elect any other optional form of benefit otherwise available under the Plan at that annuity starting date that would satisfy the 50%/100% PBGC maximum benefit

guarantee amount limitation described in this subparagraph (i), or may elect to defer the benefit in accordance with any general right to defer commencement of benefits under the Plan.

(ii) Plan Amendments Increasing Liability for Benefits. No amendment to the Plan that has the effect of increasing liabilities of the Plan by reason of increases in benefits, establishment of new benefits, changing the rate of benefit accrual or changing the rate at which benefits become nonforfeitable shall take effect in a Plan Year if the adjusted funding target attainment percentage for the Plan Year is:

(1) Less than 80%; or

(2) 80% or more, but would be less than 80% if the benefits attributable to the amendment were taken into account in determining the adjusted funding target attainment percentage.

The limitation set forth in this subparagraph (ii) shall not apply to any amendment to the Plan that provides a benefit increase under a plan formula that is not based on annual compensation; provided, that the rate of such increase does not exceed the contemporaneous rate of increase in the average wages of participants covered by the amendment.

(b) Limitations Applicable If the Plan's Adjusted Funding Target Attainment Percentage is Less Than 60%. If the Plan's adjusted funding target attainment percentage for a Plan Year is less than 60% (or would be less than 60% to the extent described in subparagraph (ii) below), then the limitations in this paragraph (b) shall apply.

(i) Single Sums, Other Accelerated Forms of Distribution and Other Prohibited Payments Not Permitted. A Participant or his or her surviving spouse shall not be permitted to elect, and the Plan shall not pay, a single sum payment or other optional form of benefit that includes a prohibited payment with an annuity starting date on or after the applicable Code Section 436 measurement date, and the Plan shall not make any payment for the purchase of an irrevocable commitment from an insurer to pay benefits or any other payment or transfer that is a prohibited payment. The limitation set forth in this subparagraph (i) shall not apply to any payment of a benefit which under Code Section 411(a)(11) may be immediately distributed without the consent of the Participant.

(ii) Shutdown Benefits and Other Unpredictable Contingent Event Benefits Not Permitted to be Paid. An unpredictable contingent event benefit with respect to an unpredictable contingent event occurring during a Plan Year shall not be paid if the adjusted funding target attainment percentage for the Plan Year is:

(1) Less than 60%; or

(2) 60% or more, but would be less than 60% if the adjusted funding target attainment percentage were re-determined applying an actuarial assumption that the likelihood of occurrence of the unpredictable contingent event during the Plan Year is 100%.

(iii) Benefit Accruals Frozen. Benefit accruals under the Plan shall cease as of the applicable Code Section 436 measurement date. In addition, if the Plan is required to cease benefit accruals under this subparagraph (iii), then the Plan is not permitted to be amended in a manner that would increase the liabilities of the Plan by reason of an increase in benefits or establishment of new benefits.

(c) Limitations Applicable if the University is in Bankruptcy. A Participant or his or her surviving spouse shall not be permitted to elect, and the Plan shall not pay, a single sum payment or other optional form of benefit that includes a prohibited payment with an annuity starting date that occurs during any period in which the University is a debtor in a case under title 11, United States Code, or similar Federal or State law, except for payments made within a Plan Year with an annuity starting date that occurs on or after the date on which the Plan's enrolled actuary certifies that the Plan's adjusted funding target attainment percentage for that Plan Year (determined by not taking into account any adjustment of the segment rates under Code Section 430(h)(2)(C)(iv)) is not less than 100%. In addition, during such period in which the University is a debtor, the Plan shall not make any payment for the purchase of an irrevocable commitment from an insurer to pay benefits or any other payment or transfer that is a prohibited payment, except for payments that occur on a date within a Plan Year that is on or after the date on which the Plan's enrolled actuary certifies that the Plan's adjusted funding target attainment percentage for that Plan Year (determined by not taking into account any adjustment of the segment rates under Code Section 430(h)(2)(C)(iv)) is not less than 100%. The limitation set forth in this paragraph (c) shall not apply to any payment of a benefit which under Code Section 411(a)(11) may be immediately distributed without the consent of the Participant.

(d) Provisions Applicable After Limitations Cease to Apply.

(i) Resumption of Prohibited Payments. If a limitation on prohibited payments under paragraph (a)(i), (b)(i) or (c) applied to the Plan as of a Code Section 436 measurement date, but that limit no longer applies to the Plan as of a later Code Section 436 measurement date, then that limitation shall not apply to benefits with annuity starting dates that are on or after that later Code Section 436 measurement date.

(ii) Shutdown and Other Unpredictable Contingent Event Benefits. If an unpredictable contingent event benefit with respect to an unpredictable contingent event that occurs during the Plan Year is not permitted to be paid after the occurrence of the event because of the limitation of paragraph (b)(ii), but is permitted to be paid later in the same Plan Year (as a result of additional contributions or pursuant to the Plan's enrolled actuary's certification of the adjusted funding target attainment percentage for the Plan Year that meets the requirements of Treasury Regulation Section 1.436-1(g)(5)(ii)(B)), then that

unpredictable contingent event benefit shall be paid, retroactive to the period that benefit would have been payable under the terms of the Plan (determined without regard to paragraph (b)(ii)). If the unpredictable contingent event benefit does not become payable during the Plan Year in accordance with the preceding sentence, then the Plan shall be treated as if it does not provide for that benefit.

(iii) Resumption of Benefit Accruals. If a limitation on benefit accruals under paragraph (b)(iii) applied to the Plan as of a Code Section 436 measurement date, but that limitation no longer applies to the Plan as of a later Code Section 436 measurement date, then benefit accruals shall resume prospectively and that limitation shall not apply to benefit accruals that are based on service on or after that later Code Section 436 measurement date, except as otherwise provided under the Plan. The Plan shall comply with the rules relating to partial years of participation and the prohibition on double proration under Labor Regulation Sections 2530.204-2(c) and (d).

(iv) Treatment of Plan Amendments That Do Not Take Effect. If a Plan amendment does not take effect as of the effective date of the amendment because of the limitation of paragraph (a)(ii) or (b)(iii), but is permitted to take effect later in the same Plan Year (as a result of additional contributions or pursuant to the Plan's enrolled actuary's certification of the adjusted funding target attainment percentage for the Plan Year that meets the requirements of Treasury Regulation Section 1.436-1(g)(5)(ii)(C)), then the Plan amendment must automatically take effect as of the first day of the Plan Year (or, if later, the original effective date of the amendment). If the Plan amendment cannot take effect during the same Plan Year, then it shall be treated as if it were never adopted, unless the Plan amendment provides otherwise.

(e) Notice Requirement. In accordance with ERISA Section 101(j), the Administrator shall provide a written notice to Participants and their surviving spouses within 30 days after certain specified dates if the Plan becomes subject to a limitation described in paragraph (a)(i), (b) or (c).

(f) Methods to Avoid or Terminate Benefit Limitations. In general, the methods the University may use to avoid or terminate one or more of the benefit limitations under paragraphs (a) through (c) for a Plan Year include employer contributions and elections to increase the amount of Plan assets which are taken into account in determining the adjusted funding target attainment percentage, making an employer contribution that is specifically designated as a current year contribution that is made to avoid or terminate application of certain of the benefit limitations or providing security to the Plan. For purposes of this paragraph (f), Code Sections 436(b)(2), (c)(2), (e)(2) and (f) and Treasury Regulation Section 1.436-1(f) are incorporated herein by this reference.

(g) Special Rules.

(i) Rules of Operation for Periods Before and After Certification of Plan's Adjusted Funding Target Attainment Percentage.

(1) In General. Code Section 436(h) and Treasury Regulation Section 1.436-1(h) set forth a series of presumptions that apply (i) before the Plan's enrolled actuary issues a certification of the Plan's adjusted funding target attainment percentage for the Plan Year; and (ii) if the Plan's enrolled actuary does not issue a certification of the Plan's adjusted funding target attainment percentage for the Plan Year before the first day of the 10th month of the Plan Year (or if the Plan's enrolled actuary issues a range certification for the Plan Year pursuant to Treasury Regulation Section 1.436-1(h)(4)(ii) but does not issue a certification of the specific adjusted funding target attainment percentage for the Plan by the last day of the Plan Year). For any period during which a presumption under Code Section 436(h) and Treasury Regulation Section 1.436-1(h) applies to the Plan, the limitations under paragraphs (a) through (c) shall be applied to the Plan as if the adjusted funding target attainment percentage for the Plan Year were the presumed adjusted funding target attainment percentage determined under the rules of Code Section 436(h) and Treasury Regulation Section 1.436-1(h)(1), (2) or (3). These presumptions are set forth in clauses (2) through (4) below.

(2) Presumption of Continued Underfunding Beginning First Day of Plan Year. If a limitation under paragraphs (a), (b) or (c) applied to the Plan on the last day of the preceding Plan Year, then, commencing on the first day of the current Plan Year and continuing until the Plan's enrolled actuary issues a certification of the adjusted funding target attainment percentage for the Plan for the current Plan Year, or, if earlier, the date clause (3) or (4) below applies to the Plan:

(A) The adjusted funding target attainment percentage of the Plan for the current Plan Year is presumed to be the adjusted funding target attainment percentage in effect on the last day of the preceding Plan Year; and

(B) The first day of the current Plan Year is a Code Section 436 measurement date.

(3) Presumption of Underfunding Beginning First Day of 4th Month. If the Plan's enrolled actuary has not issued a certification of the adjusted funding target attainment percentage for the Plan Year before the first day of the fourth month of the Plan Year and the Plan's adjusted funding target attainment percentage for the preceding Plan Year was either at least 60% but less than 70% or at least 80% but less than 90%, or is described in Treasury Regulation Section 1.436-1(h)(2)(ii), then,

commencing on the first day of the fourth month of the current Plan Year and continuing until the Plan's enrolled actuary issues a certification of the adjusted funding target attainment percentage for the Plan for the current Plan Year, or, if earlier, the date clause (4) below applies to the Plan:

(A) The adjusted funding target attainment percentage of the Plan for the current Plan Year is presumed to be the Plan's adjusted funding target attainment percentage for the preceding Plan Year reduced by 10% points; and

(B) The first day of the fourth month of the current Plan Year is a Code Section 436 measurement date.

(4) Presumption of Underfunding On and After First Day of 10th Month. If the Plan's enrolled actuary has not issued a certification of the adjusted funding target attainment percentage for the Plan Year before the first day of the tenth month of the Plan Year (or if the Plan's enrolled actuary has issued a range certification for the Plan Year pursuant to Treasury Regulation Section 1.436-1(h)(4)(ii) but has not issued a certification of the specific adjusted funding target attainment percentage for the Plan by the last day of the Plan Year), then, commencing on the first day of the tenth month of the current Plan Year and continuing through the end of the Plan Year:

(A) The adjusted funding target attainment percentage of the Plan for the current Plan Year is presumed to be less than 60%; and

(B) The first day of the 10th month of the current Plan Year is a Code Section 436 measurement date.

(ii) New Plans, Plan Termination, Certain Frozen Plans and Other Special Rules.

(1) First Five Plan Years. The limitations in paragraphs (a)(ii), (b)(ii) and (b)(iii) shall not apply to a new plan for the first five Plan Years of the Plan, determined under the rules of Code Section 436(i) and Treasury Regulation Section 1.436-1(a)(3)(i).

(2) Plan Termination. The limitations on prohibited payments in paragraphs (a)(i), (b)(i) and (c) shall not apply to prohibited payments that are made to carry out the termination of the Plan in accordance with applicable law. Any other limitations under this Section shall not cease to apply as a result of termination of the Plan.

(3) Exception to Limitations on Prohibited Payments Under Certain Frozen Plans. The limitations on prohibited payments under paragraphs (a)(i), (b)(i) and (c) shall not apply for a Plan Year if the terms of the Plan, as in effect for the period beginning on September 1, 2005, and continuing through the end of the Plan Year, provide for no benefit accruals with respect to any Participants. This clause (3) shall cease to apply as of the date any benefits accrue under the Plan or the date on which a Plan amendment that increases benefits takes effect.

(4) Special Rules Relating to Unpredictable Contingent Event Benefits and Plan Amendments Increasing Benefit Liability. During any period in which none of the presumptions under paragraph (g)(i) apply to the Plan and the Plan's enrolled actuary has not yet issued a certification of the Plan's adjusted funding target attainment percentage for the Plan Year, the limitations under paragraphs (a)(ii) and (b)(ii) shall be based on the inclusive presumed adjusted funding target attainment percentage for the Plan, calculated in accordance with the rules of Treasury Regulation Section 1.436-1(g)(2)(iii).

(iii) Special Rules Under PRA 2010.

(1) Payments Under Social Security Leveling Options. For purposes of determining whether the limitations under paragraph (a)(i) or (b)(i) apply to payments under a social security leveling option, within the meaning of Code Section 436(j)(3)(C)(i), the adjusted funding target attainment percentage for a Plan Year shall be determined in accordance with the "Special Rule for Certain Years" under Code Section 436(j)(3) and any Treasury Regulations or other published guidance thereunder issued by the Internal Revenue Service.

(2) Limitation on Benefit Accruals. For purposes of determining whether the accrual limitation under paragraph (b)(iii) applies to the Plan, the adjusted funding target attainment percentage for a Plan Year shall be determined in accordance with the "Special Rule for Certain Years" under Code Section 436(j)(3) (except as provided under Section 203(b) of the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010, if applicable).

(iv) Interpretation of Provisions. The limitations imposed by this paragraph (g) shall be interpreted and administered in accordance with Code Section 436 and Treasury Regulation Section 1.436-1.

(h) Definitions. The definitions in the following Treasury Regulations shall apply for purposes of paragraphs (a) through (h): Treasury Regulation Section 1.436-1(j)(1) defining adjusted funding target attainment percentage; Treasury Regulation Section 1.436-1(j)(2) defining annuity starting date; Treasury Regulation Section 1.436-1(j)(6) defining prohibited payment; Treasury Regulation

Section 1.436-1(j)(8) defining Code Section 436 measurement date; and Treasury Regulation Section 1.436-1(j)(9) defining an unpredictable contingent event and an unpredictable contingent event benefit.

ARTICLE XIII
GENERAL PROVISIONS

13.1 **Limitation of Participant Rights.** The Plan shall not be construed as giving any Employee, Participant or other person any legal or equitable right against the University other than his or her rights as a Participant, surviving spouse or Alternate Payee under the terms of the Plan. Nor shall the Plan be construed as creating or modifying the terms of employment of any Employee or Participant. Nothing contained herein shall be deemed to give any Employee or Participant the right to be retained in the employment of the University.

13.2 **Reliance on Records.** The records of the University as to an Employee's or Participant's period of employment, Severance and the reason therefore, reemployment and Monthly Compensation shall be conclusive on all persons unless determined to the Administrator's satisfaction to be incorrect.

13.3 **No Assignment or Alienation.** Except as provided in Section 13.4 below, no interest in the Plan or in any payments to be made hereunder may be assigned, alienated, anticipated or hypothecated and, to the extent permitted by law, no such interest or payments shall be subject to legal process or attachment for the payment of any claims against any person entitled to receive the same.

13.4 **Qualified Domestic Relations Orders.** Section 13.3 above shall not apply to a Qualified Domestic Relations Order as described below:

(a) A "Qualified Domestic Relations Order" is a judgment, decree or order (including approval of a property settlement agreement) which (i) relates to the provision of child support, alimony or marital property rights to a spouse, former spouse, child or other dependent of a Participant (an "Alternate Payee"); (ii) creates or recognizes the existence of an Alternate Payee's right to, or assigns to an Alternate Payee the right to, receive all or a portion of the Participant's benefits; (iii) is made pursuant to a State domestic relations law (including a community property law); and (iv) otherwise satisfies the requirements of Code Section 414(p).

(b) A domestic relations order is not a Qualified Domestic Relations Order if it requires: (i) the Plan to provide any type or form of benefit, or any option, not otherwise provided under the Plan; (ii) the Plan to provide increased benefits; or (iii) the payment of benefits to an Alternate Payee that are required to be paid to another Alternate Payee under a previous Qualified Domestic Relations Order.

(c) A domestic relations order shall not be considered to fail to satisfy the requirements of paragraph (b) above with respect to any payment made before a Participant has separated from service solely because the order requires that payment of benefits be made to an Alternate Payee: (i) on or after the date on which the Participant attains (or would have first attained) his or her earliest retirement age (as defined in Code Section 414(p)(4)(B)); (ii) as if the Participant had retired on the date on which such payment is to begin under such order (but taking into account only the present value of accrued benefits and not taking into account the present value of any subsidy for early

retirement benefits); and (iii) in any form in which such benefits may be paid under the Plan to the Participant (other than in the form of a joint and survivor annuity with respect to the Alternate Payee and his or her subsequent spouse). Notwithstanding the foregoing, if the Participant dies before his or her earliest retirement age (as defined in Code Section 414(p)(4)(B)), the Alternate Payee is entitled to benefits only if the Qualified Domestic Relations Order requires survivor benefits to be paid to the Alternate Payee.

In accordance with Code Section 414(p), the Administrator shall establish reasonable procedures for notifying a Participant and his or her Alternate Payee of the receipt of a possible Qualified Domestic Relations Order and determining whether the order is a Qualified Domestic Relations Order. If the Administrator acts in accordance with this Section in treating a domestic relations order as being (or not being) a Qualified Domestic Relations Order or taking other action under this Section and applicable law, the Plan's obligation to the Participant and each Alternate Payee shall be discharged to the extent of any payment made.

13.5 **Power of Attorney.** If the Administrator receives, on behalf of a Participant, a power of attorney with respect to such Participant valid under state law, the Administrator shall comply with the instructions of the named attorney to the extent that the Administrator would comply with such instructions if given by the Participant and such instructions are consistent with the power of attorney.

13.6 **Facility of Payment.** When, in the Administrator's discretion, a Participant, surviving spouse or Alternate Payee is under a legal disability or is incapacitated in any way so as to be unable to manage his or her affairs, the Administrator may direct that payments be made:

- (a) Directly to the Participant, surviving spouse or Alternate Payee;
 - (b) To a duly appointed guardian or conservator of the Participant, surviving spouse or Alternate Payee;
 - (c) To a custodian for the Participant, surviving spouse or Alternate Payee under the Uniform Gifts to Minors Act;
 - (d) To an adult relative of the Participant, surviving spouse or Alternate Payee;
- or
- (e) Directly for the benefit of the Participant, surviving spouse or Alternate Payee.

13.7 **Notices.** Wherever provision is made in the Plan for the filing of any notice, application, election or designation, such action shall, except where expressly provided herein to the contrary, be evidenced by the execution of such form, and on such notice, as the Administrator may specify for the purpose and shall be effective upon receipt unless the Plan otherwise provides. Notwithstanding any provision of the Plan to the contrary, any notice required to be distributed to Participants, surviving spouses and/or Alternate Payees pursuant to the terms of the Plan may, at the direction of the Administrator, be transmitted electronically to the extent permitted by, and in accordance with any procedures set forth in, applicable law and regulations.

13.8 **Source of Benefit Payments.** All benefits payable under the Plan shall be paid or provided for only from the assets held by the Plan Trustees, and neither the University nor any officer, director or employee of the University shall be liable or responsible therefor.

13.9 **Multiple Capacities.** Any person or group of persons may serve in more than one Fiduciary capacity with respect to the Plan.

13.10 **Construction.** The Plan shall be construed and enforced according to the laws of the State of New York, except to the extent otherwise required by ERISA or necessary for qualification of the Plan under the Code. Headings of Articles, Sections and subsections herein contained are included solely for convenience of reference, and if there be any conflict between such headings and the text hereof, the text shall control. The masculine gender shall be deemed to include the feminine, and the singular may include the plural, unless the context clearly indicates to the contrary. It is intended that this Plan in all respects conform to and be administered and interpreted in a manner consistent with the requirements of ERISA and the Code. Accordingly, any provision required to be included herein, in order that the Plan so conform, shall be deemed, whether or not expressly set forth, to be included in the Plan, at such time as such requirement shall come into effect.

13.11 **Inter-Plan Transfers.** If a Participant becomes eligible to participate in any other pension or retirement plan maintained by the University, or if an Employee becoming a Participant under this Plan shall have been covered by any other pension or retirement plan maintained by the University, his or her rights under this Plan and such other plan shall be determined in accordance with such nondiscriminatory rules of uniform application as the Administrator shall adopt.

13.12 **Former Employees Covered by Certain Separation Agreements.** The rights of certain former Employees to retirement benefits under the Plan are governed by separation agreements relating to them, and nothing herein shall be deemed to abrogate such rights. Such separation agreements are as follows:

(a) The understanding which relates to certain individuals who terminated their employment by the University in order to become employees of the Riverside Research Institute and which is documented in correspondence between Warren F. Goodell, on behalf of the University, and Gerd S. Bodeen, on behalf of Riverside Research Institute, such correspondence consisting of Mr. Goodell's letter to Mr. Bodeen on March 8, 1971, Mr. Bodeen's letter to Mr. Goodell of March 10, 1971 and Mr. Goodell's letter to Mr. Bodeen of March 19, 1971;

(b) The Memorandum of Agreement, dated November 20, 1972, between the Board of Trustees and the Palisades Geophysical Institute, relating to certain individuals who terminated their employment by the University in order to become employees of the Palisades Geophysical Institute; and

(c) The Agreement, dated March 16, 1970, between the Board of Trustees and The Association of Scientists and Professional Engineering Personnel, relating to certain former Employees whose employment was terminated by the University during 1968 and 1969 in connection with the closing of Hudson Laboratories.

13.13 **Incorrect Payment of Benefits.**

(a) If the Plan makes an underpayment of the amount of any benefits due any payee under the Plan, correct payment shall be made as soon as possible after the underpayment is discovered.

(b) If the Plan makes an overpayment or pays a benefit in error, the Plan has the right at any time, as elected by the Administrator, to offset the amount of that overpayment from a future payment under the Plan, recover that overpayment from the person to whom it was made, a combination of both, or pursue any other lawful means of recovering such overpayment.

(i) Any person in receipt of a payment from the Plan promises to reimburse the Plan for any overpayment. Any person in receipt of any benefit paid but not owed has an obligation to immediately notify the Administrator of the overpayment and to return the overpaid benefits to the Plan. The Plan possess a lien on any benefit paid but not owed under the terms of the Plan. The lien is enforceable regardless of the reason for the mistake in payment or the fault or knowledge of the person in possession of the mistakenly paid Plan assets. The lien shall remain in effect until the Plan is repaid in full.

(ii) The Administrator may take whatever action is necessary to enforce the Plan's lien on any overpayments. The Administrator has sole discretion to choose the methods for enforcing the Plan's lien. These methods include, without limitation, the Plan's recoupment of the overpayment from future benefit payments or a court action seeking imposition of a constructive trust and disgorgement of the overpaid Plan benefits plus interest, or any other claim to recover Plan assets under ERISA or any applicable law.

13.14 **Prohibition Against Profiting From Participant's Death.** If the Administrator, in its sole discretion, determines that a surviving spouse may have intentionally caused the Participant's death, the Administrator in its sole discretion may take any action the Administrator determines appropriate, including but not limited to:

(a) Delaying payments of any benefit to such surviving spouse for any period the Administrator determines appropriate, including until there is a judicial determination of the surviving spouse's guilt or innocence; and

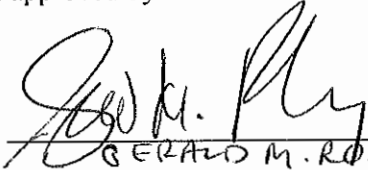

(b) Deciding to pay the benefit otherwise payable to the surviving spouse to another beneficiary.

IN WITNESS WHEREOF, the University, by action of its duly authorized officer, hereby executes this instrument on this 30th day of November, 2021, evidencing the terms of the Plan as approved by the Board of Trustees effective as of December 31, 2021.

By:

GERALD M. ROSBERG

Its:

SENIOR EXECUTIVE VICE PRESIDENT

APPENDIX A

Provisions Regarding the Merger of the Retirement Plan for Employees of Arden Conference Center

Section A.01 **Purpose and Effect**. This Appendix A reflects the merger of the Arden Plan into the Plan. The Arden Plan was established effective October 1, 1963, and was last amended and restated effective January 1, 2011. Effective 11:59 PM EST on December 31, 2018 (the “Merger Date”), the Arden Plan merged into the Plan. The provisions of this Appendix A apply only to participants, former participants and beneficiaries who were either participating in the Arden Plan immediately preceding the Merger Date or were receiving or entitled to receive retirement benefits under the Arden Plan as of that date. Participants described in the previous sentence are referred to in this Appendix A as the “Arden Participants.” This Appendix A shall supersede the provisions of the Plan to the extent necessary to eliminate any inconsistencies between the Plan and this Appendix A (except such Plan provisions as impose conditions or limitations required by applicable law).

Section A.02 **Participation and Benefit Freeze**. Notwithstanding any other provision of the Plan to the contrary, participation and benefits under the Arden Plan ceased effective as of August 15, 2005 in connection with the closure of the Arden Conference Center. No new individual shall become eligible to participate and no additional benefits shall accrue under the Arden Plan and this Appendix A, as applicable, after such date.

Section A.03 **Merger of Plans**. The Arden Plan is merged into the Plan as of the Merger Date and continued in the form of the Plan, in accordance with Code Section 414(l) and the Treasury Regulations thereunder and ERISA Section 208.

Section A.04 **Transfer of Assets and Liabilities**. The Arden Plan was funded through a trust which formed a part of the Arden Plan. That trust fund shall become part of the Plan and subject to administration by the Plan Trustees as of the Merger Date, and the liabilities of the Arden Plan to pay monthly retirement benefits to former participants and beneficiaries shall become the liabilities of the Plan as of the Merger Date.

Section A.05 **Amount and Distribution of Benefits**. The merger of the Arden Plan into the Plan will not reduce the benefit entitlement of any Arden Participant. Each Arden Participant will be entitled to receive the same benefit immediately after the Merger Date that he or she was entitled to receive immediately before the Merger Date. Notwithstanding any provision of the Plan to the contrary, any former Arden Participants and beneficiaries whose benefits were in pay status as of the Merger Date shall continue to receive monthly retirement benefits in the same manner and amount as they were receiving before the Merger Date, but payable from the Plan. Any Arden Participant who had separated from service before the Merger Date with a right to retirement benefits or deferred vested benefits shall continue to have the same right on and after the Merger Date.

Section A.06 **Limitations**. Except to the extent expressly provided herein to the contrary, the benefits provided under this Appendix A for an Arden Participant on account of participation under the Arden Plan are subject to all of the terms and conditions of the Plan; provided, however, that for purposes of calculating the value of an Arden Participant's Accrued Benefit, including any actuarial equivalencies or reductions (other than as provided in Section A.015 below), the time and form of payment of such Accrued Benefit, whether an Arden Participant is vested and any death benefits, the terms of the most recent Arden Plan document shall supplement this Appendix A and are hereby incorporated by reference hereto.

Section A.07 **Definitions**. The following terms used in this Appendix A have the meanings set forth below:

- (a) **Average Compensation**. “Average Compensation” means the Arden Participant's Compensation averaged over the five consecutive calendar years which produce the highest average of the 10 calendar years, ending before the Arden Participant's Normal or actual Retirement Date, whichever is applicable, or, if earlier, the date such Arden Participant terminates employment. If an Arden Participant has less than five consecutive calendar years of service from his or her date of employment to his or her date of Severance, his or her Average Compensation will be based on his or her Compensation during his or her highest consecutive calendar years from his or her date of employment to his or her date of Severance. Notwithstanding the foregoing, for the purpose of computing Average Compensation, (i) Compensation attributable to a partial year during the first year of employment shall be excluded; (ii) the preceding calendar year Compensation will be substituted in place of Compensation attributable to a partial year during the last year of employment; and (iii) Compensation for the calendar year in which the short plan year ends will be included.
- (b) **Compensation**. “Compensation” shall have the meaning of the term “Compensation” as set forth in the Arden Plan.
- (c) **Deferred Retirement Date**. “Deferred Retirement Date” means the first day of any month after an Arden Participant's Normal Retirement Date.
- (d) **Early Retirement Date**. “Early Retirement Date” means the first day of any month coincident with or following the date on which an Arden Participant attains age 55, provided he or she is still employed on that date.
- (e) **Normal Form of Retirement Income**. “Normal Form of Retirement Income” means a pension payable for life beginning as of the Arden Participant's Retirement Date or, if later, income commencement date and ceasing upon the Arden Participant's death.
- (f) **Normal Retirement Date**. “Normal Retirement Date” means the date on which a Arden Participant attains age 65. An Arden Participant's retirement income shall be computed and payable as of the first day of the month coincident with or next following his or her Normal Retirement Date.

- (g) **Retirement.** “Retirement” means the termination of employment of an Arden Participant on his or her Normal, Early or Deferred Retirement Date as such terms are defined in this Appendix A.

Section A.08 **Vesting Service of Arden Participant.** A Year of Vesting Service shall be credited for each plan year in which an Arden Participant is credited with at least 1,000 Hours of Service (as such term is defined under the Arden Plan); however, an Arden Participant will receive credit for one Year of Vesting Service for the plan year in which he or she commenced employment regardless of the number of hours worked during such plan year.

Section A.09 **Vested Benefit of Arden Participant.** An Arden Participant shall have a nonforfeitable interest in his or her Accrued Benefit on the earlier of the date he or she accrues five Years of Vesting Service or upon eligibility for Retirement. Notwithstanding the foregoing, Arden Participants who were active participants in the Arden Plan as of August 15, 2005 became fully vested in their Accrued Benefit as of such date.

Section A.010 **Credited Service of Arden Participant.** Years of Credited Service shall be determined under the Arden Plan.

Section A.011 **Accrued Benefit of Arden Participant.** The Accrued Benefit of an Arden Participant is a monthly pension benefit commencing on his or her Normal Retirement Date in the Normal Form of Retirement Income in an amount equal to 1% of the Arden Participant’s Average Compensation multiplied by his or her Years of Credited Service in accordance with the terms of the Arden Plan. Notwithstanding the foregoing, an Arden Participant's Normal Retirement Benefit shall not be less than the monthly accrued benefit to which the Arden Participant is entitled to under Aetna Group Contract GA-1544.

The Accrued Benefit is subject to the offsets and adjustments provided for in the Arden Plan, including the cost-of-living adjustments.

Section A.012 **Arden Participant's Benefit at Early Retirement.** Upon Retirement at his or her Early Retirement Date, an Arden Participant shall be entitled to receive a benefit equal to his or her Accrued Benefit reduced by the following factors as set forth in the Arden Plan:

Early Retirement Age	Reduction Factor
64	92.1
63	85.1
62	78.8
61	73.2
60	68.1
59	63.6
58	59.4
57	55.7
56	52.2
55	49.1

Section A.013 **Arden Participant's Benefit at Deferred Retirement**. Upon Retirement at his or her Deferred Retirement Date, an Arden Participant shall be entitled to receive a benefit equal to his or her Accrued Benefit based on the Arden Participant's Average Compensation and Years of Credited Service as of his or her actual Retirement Date, subject to reduction by the actuarial equivalent of any benefit payments made to the Arden Participant before his or her Retirement Date in accordance with the terms of the Arden Plan.

Section A.014 **Forms of Payment**. An Arden Participant's retirement income is payable in the form of a joint and 50% survivor annuity with the Arden Participant's spouse as the beneficiary, subject to election, with spousal consent, of the Normal Form of Retirement Income or the optional forms of payment set forth below. For an Arden Participant who is not married, benefits will be payable in the Normal Form of Retirement Income, subject to election of the optional forms of payment set forth below. All forms of payment shall be calculated and subject to the notice and consent requirements as set forth in the most recent Arden Plan document.

An Arden Participant may elect, with spousal consent if applicable, to receive payment of his or her retirement income in the Normal Form of Retirement Income (life only annuity) or in one of the following optional forms of distribution:

- (a) Joint and 50% survivor annuity.
- (b) Joint and 75% survivor annuity.
- (c) Joint and 66-2/3% survivor annuity.
- (d) Joint and 100% survivor annuity.
- (e) 120-months certain and continuous annuity.
- (f) Life only annuity with Social Security adjustment.

Notwithstanding anything in this Section to the contrary, if the present value of an Arden Participant's Accrued Benefit does not exceed \$100,000 as determined on his or her Annuity Starting Date, such Participant may elect that his or her benefit be paid or commence as soon as administratively practicable following his or her termination of employment. An Arden Participant with an Accrued Benefit whose present value does not exceed \$100,000 as determined on his or her Annuity Starting Date may also elect that his or her benefit commence in any of the optional forms of distribution described above as soon as administratively practicable following his or her termination of employment. For purposes of this paragraph, the present value of the benefit payable to the Arden Participant will be determined, as of the date of the proposed distribution, by using the Applicable Interest Rate and Applicable Mortality Table, as defined in Section A.015.

Section A.015 **Lump Sum Cash Out**. Notwithstanding Section A.014, if the present value of an Arden Participant's Accrued Benefit does not exceed \$1,000, then distribution of the Accrued Benefit shall be made in an immediate lump sum in accordance with the Arden Plan; provided that, if the present value of an Arden Participant's Accrued Benefit exceeds \$1,000 but does not exceed \$5,000 and the Participant has not yet attained his or her Normal Retirement

Date, then the Arden Participant must consent to such immediate lump sum distribution in accordance with the Arden Plan. For purposes of this Section, the present value of the benefit payable to the Arden Participant will be determined, as of the date of the proposed distribution, by using the Applicable Interest Rate and Applicable Mortality Table, as defined below.

- (a) “Applicable Interest Rate” means:
 - (i) For Annuity Starting Dates occurring before January 1, 2019, the adjusted first, second and third segment rates, determined under rules prescribed for purposes of Code Section 417(e)(3), for the month of November preceding the Annuity Starting Date.
 - (ii) For Annuity Starting Dates occurring on or after January 1, 2019 and before January 1, 2020, the adjusted first, second and third segment rates, determined under rules prescribed for purposes of Code Section 417(e)(3), for either (A) the month of March preceding the first day of the Plan Year that contains the Annuity Starting Date; or (B) the month of November preceding the Annuity Starting Date, whichever produces a larger lump sum value.
 - (iii) For Annuity Starting Dates occurring on or after January 1, 2020, the adjusted first, second and third segment rates, determined under rules prescribed for purposes of Code Section 417(e)(3), for the month of March preceding the first day of the Plan Year that contains the Annuity Starting Date.
- (b) “Applicable Mortality Table” means the mortality rate determined from the table prescribed by the Secretary of Treasury under Code Section 417(e)(3)(B).

Section A.016 **Death Benefits**. The following death benefits are payable under the Arden Plan:

- (a) If an Arden Participant (i) dies while he or she is employed by the University and after his or her Early Retirement Date; and (ii) has a surviving spouse that he or she was married to for at least 12 months preceding the Arden Participant's death, then his or her surviving spouse will be eligible for a pre-retirement spouse's benefit equal to 50% of the benefit the Arden Participant had accrued at his or her date of death, reduced by 1% for each year his or her spouse is more than five years younger than the Arden Participant, but not below 40%. The minimum annual pre-retirement spouse's benefit under this Section shall be \$120, and shall never be less than the qualified pre-retirement survivor annuity described under paragraph (b) below.
- (b) If an Arden Participant (i) is not eligible for the benefit described in paragraph (a) above; (ii) is vested in her or her benefit; (iii) dies before the Annuity Starting Date; and (iv) has a surviving spouse that he or she was married to for at least 12 months preceding the Arden Participant's death, then his or her surviving spouse will be eligible for a qualified pre-retirement survivor annuity. The qualified

pre-retirement survivor annuity is equal to 50% of the benefit the Arden Participant would have received under a joint and 50% survivor annuity form of payment had the Arden Participant retired the day before his or her death, in accordance with the terms of the Arden Plan.
