Other Important Information

This benefits summary of the Aetna Dental DMO (Dental Maintenance Organization) provides information on benefits provided when services are rendered by a participating dentist. In order for a covered person to be eligible for benefits, dental services must be provided by a primary care dentist selected from the network of participating DMO dentists.

Employees in AZ, CA, GA, MA, MD, MO, NC, NJ and TX must either live or work within the approved DMO® service area to be eligible to enroll in the DMO®

Dental Benefits Summary

Due to state law, limited (varying by state) DMO® benefits for non-emergency services rendered by non-participating providers are available for plan contracts written in: CT, IL, KY and OH and for members residing in OK (regardless of contract situs state).

Attention Massachusetts residents: Before enrolling, you should be aware that our network of preferred providers in Massachusetts has providers mainly in the following counties: Barnstable, Berkshire, Bristol, Essex, Hampden, Hampshire, Middlesex, Norfolk, Plymouth, Suffolk and Worcester. Your out-of-pocket expenses will be higher if you do not see an in-network provider and, in some plans, benefits may not be available at all for out-of-network providers

Specialty Referrals

1. Under the DMO dental plan, services performed by specialists are eligible for coverage only when prescribed by the primary care dentist and authorized by Aetna Dental. If Aetna's payment to the specialty dentist is based on a negotiated fee, then the member's copayment for the service will be based on the same negotiated fee.
2. DMO members may visit an orthodontist without first obtaining a referral from their primary care dentist. In an effort to ease the administrative burden on both participating Aetna dentists and members, Dental has opened direct access for DMO members to orthodontic services.

Emergency Dental Care

If you need emergency dental care for the palliative treatment (pain relieving, stabilizing) of a dental emergency, you are covered 24 hours a day, 7 days a week. You should contact your Primary Care Dentist to receive treatment. If you are unable to contact your PCD, contact Member Services for assistance in locating a dentist. Refer to your plan documents for details. Subject to state requirements. Out-of-area emergency dental care may be reviewed by our dental consultants to verify appropriateness of treatment.

Your Dental Care Plan Coverage Is Subject to the Following Rules:

Alternate treatment rule Sometimes there are several ways to treat a dental problem, all of which provide acceptable results.

· If a charge is made for a non-eligible dental service or supply and an eligible dental service that would provide an acceptable result, then your plan will pay a benefit for the eligible dental service or supply.

Dental Benefits Summary

- If a charge is made for an eligible dental service but another eligible dental service that would provide an acceptable result is less expensive, the benefit will be for the least expensive eligible dental service.
- You should review the differences in the cost of alternate treatment with your dental provider. Of course, you and your dental provider can still choose the more costly treatment method. You are responsible for any charges in excess of what your plan will cover.

Replacement rule: Some eligible dental services are subject to your plan's replacement rule. The replacement rule applies to replacements of, or additions to existing:

- Crowns
- Inlays
- Onlays
- Veneers
- Complete dentures
- Removable partial dentures
- Fixed partial dentures (bridges)
- Other prosthetic services

These eligible dental services are covered only when you give us proof that:

- You had a tooth (or teeth) extracted after the existing denture or bridge was installed.
- As a result, you need to replace or add teeth to your denture or bridge.

- The present item cannot be made serviceable, and is:

- A crown installed at least 5 years before its replacement.
- An inlay, onlay, veneer, complete denture, removable partial denture, fixed partial denture (bridge), or other prosthetic item installed at least 5 years before its replacement.

- While you were covered by the plan:

- Your present denture is an immediate temporary one that replaces that tooth (or teeth).
- A permanent denture is needed, and the temporary denture cannot be used as a permanent denture. Replacement must occur within 12 months from the date that the temporary denture was installed.

Late entrant rule (Does not apply to California contract state): The plan does not cover services and supplies given to a person age 5 or older if that person did not enroll in the plan during one of the following:

- The first 31 days the person is eligible for this coverage or
- Any period of open enrollment agreed to by the employer and us

This does not apply to charges incurred for any of the following:

- After the person has been covered by the plan for 12 months

Dental Benefits Summary

- As a result of injuries sustained while covered by the plan
- Diagnostic and preventive services such as exams, cleanings, fluoride, and images (excludes services related to orthodontia).

Finding Participating Providers

Consult Aetna Dental's online provider search for the most current provider listings. Participating providers are independent contractors in private practice and are neither employees nor agents of Aetna Dental or its affiliates. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change without notice. Not every provider listed in the directory will be accepting new patients. Although Aetna Dental has identified providers who were not accepting patients in our DMO plan as known to Aetna Dental at the time the provider directory was created, the status of a provider's practice may have changed. For the most current information, please contact the selected provider or Aetna Member Services at the toll-free number on your online ID card, or use our Internet-based provider search available at www.aetna.com.

Specific products may not be available on both a self-funded and insured basis. The information in this document is subject to change without notice. In case of a conflict between your plan documents and this information, the plan documents will govern.

In the event of a problem with coverage, members should contact Member Services at the toll-free number on their online ID cards for information on how to utilize the grievance procedure when appropriate.

Dental plans are provided or administered by Aetna Life Insurance Company, Aetna Dental Inc., Aetna Dental of California Inc. and/or Aetna Health Inc.

Telehealth Services: the plan will reimburse the treating or consulting provider for the diagnosis, consultation, or treatment of an enrollee via telehealth on the same basis and to the same extent that the plan would reimburse the same covered in-person service.

Members have access to virtual dental care. Log in to www.aetna.com to access virtual dental providers.
